## Dist. 4 Race Top Issue On March 18 Card

Voters, predominantly Republicans, will go to the polls Tuesday, March 18, to nominate candidates for the November general election.

The race for the two open Lake County Board seats is the top issue on the card for Dist. 4 voters.

There are six GOP candidates vying for the two vacancies: Norm Geary (incumbent) and Pat Anderson, Avon Twp.; Char Kiesgen, William Mestan and Joe Tobolik, Grant Twp.; and Ray Edwards, Antioch Twp. There is nobody running from Lake Villa Twp.

Geary and Mestan are running together on

the same ticket, while the other candidates are independents.

Geary, chairman of the Lake County Finance and Administration Committee, has been a member of the county board for more than 20 years. He has also been supervisor of Avon Twp. for 23 years.

Geary's two main competitors to date seem to be Anderson and Kiesgen. Anderson has received endorsements from precinct committeemen in all four townships.

Kiesgen, on the other hand, has the backing of the powerful "Kiesgen clan" in Grant Twp., while Mestan's "claim to fame" is making the Waltonian Restaurant in Fox Lake a success.

Tobolik and Edwards are the longshots in this election, as they have been termed as the "Laurel and Hardy" of Dist. 4.

Both seats are four-year terms, with the two winners joining Jim Fields (Antioch Twp.) and Fred Popp (Lake Villa Twp.) as Dist. 4 representatives on the county board.

In another hotly-contested race, Donna Mae Litwiler, currently a Dist. 4 representative on the county board, will be running against Wauconda Village Clerk Venita McConnel for the right to face incumbent Democrat Linda Hess in November for the Lake County Clerk's position.

Litwiler has the support of Lake County Sheriff Robert "Mickey" Babcox, while McConnel is running as an independent Republican.

The county GOP organization has rated both women "qualified."

Polls are open March 18 from 6 a.m. until 7 p.m. There are uncontested offices on both sides of the ballot and only Democratic contests are at the state level.

### See Easter Bunny

The Easter Bunny poses with Stan Luta, Antioch Postmaster and Chairman of this year's Easter Parade. The parade is scheduled for March 22, and area youngsters will be able to visit the Easter Bunny at the Easter Hut, on Toft St. under the water tower, beginning March 17 from 4-7 p.m. on weekdays and 10 a.m. to 4 p.m. on weekends.

## Tomaschtk Makes Plan For Summer Programs

by CHRIS SPECHT

With spring just around the corner, it will soon be time to make plans for the summer. For Glenda Tomaschtk, Antioch's Director of Parks and Recreation, these plans have already been made.

The cornerstone of the park's programs this year will be the summer camp program as it has been for the past eight years. As a single parent and working mother, Tomaschtk knows how important a program like this can be for local parents who need a place for their children to go during the summer months when school is out.

The program is centered around the Antioch Scout House where kids have easy access to the park pool as well as the park's other activities. Camp counselors are on hand to make sure the children make it to any activities they have signed up for including T-ball, swimming lessons, and gymnastics.

"The camp should be a sort of 'home away from home' for kids on summer vacation," explained Tomaschtk.

Besides having access to both indoor and outdoor games, Tomaschtk said that she will also plan weekly field trips to local places such as the police station fire department, post office, library, or veterinarian's office.

"I try to provide an opportunity for the kids to get to know their village," said Tomaschtk.

The camp begins June 9 and will run until school begins again at the end of August. It is open to children aged 3-12. The hours of the camp are 8 a.m. to 5 p.m. Monday thru Friday. The fee for the program is \$45 per week for pool members and \$60 for non-pool members. On a daily basis the rate is \$2 an hour for pool members as well as \$3 for non-members. These fees are for one child. For families with more than one child there is a 20 percent discount for each additional child. As usual the pool will open on memorial

day weekend. Regular pool hours will be from 1-10 p.m. The pool will be open from 8 a.m. to 1 p.m., but only for swim team practice and swimming lessons.

The first session of swimming lessons begin on June 16 and end on June 27. Lessons continue in two week sessions through July with the exception of the week of Independence Day. Fees for a two week session are \$15 a piece for pool members and \$25 a week for non-members. Pool memberships for a family of four cost \$60 for those living within Antioch Township, and \$85 for those living outside the township. Families that have more than four people must pay an extra \$5 for each additional person. Single rates are \$25 for township residents and \$35 for non-residents.

Tomaschtk will also be responsible for Antioch's Fourth of July celebration this year. Since 1979 when the Miss Antioch Pageant was held during this holiday the Fourth of July festivities have expanded every year.

Besides the pageant this year's activities will also include a parade, fireworks display, live music, and fire department water fights.

A committee will soon be formed for the Miss Antioch Pageant and Tomaschtk said that contestants can sign up during regular hours at her office in the village municipal building. Deadline for sign-up is June 25.

Besides the other regular park programs such as aerobics, baton twirling, tumbling, gymnastic, and T-ball, Tomaschtk said that she is also planning an Antioch Foot Race and a tennis program for this year, although she has yet to work out the details for these two programs. Tomaschtk said that the biggest problem she was having with the tennis program was finding an instructor.

Thanks to the efforts of Glenda Tomaschtk it looks like Antioch residents will see another successful summer for Antioch Parks and Recreation programs.

## Kempf On 'Hot Seat,' Primary Will Decide

Long-simmering differences within Republican ranks in Antioch Township will be coming to a head in the Tuesday, March 18, primary election.

Indications are that there are at least four factions in the township with three of them being opposed to Township Chairman Charles "Chuck" Kempf.

"I know that not everyone of the committeemen is not totally pleased with the job I've done," Kempf stated.

"I also know that a majority of the committeemen are satisfied with my leadership. I'd like to remain as township Republican chairman. The primary election will decide what happens."

There are five contests for GOP precinct committeemen among the township's 14 townships.

Ray Edwards, candidate for one of two GOP County Board nominations, reportedly is supporting precinct candidates opposed to Kempf, owner and operator of the Chain O'Lakes resort and township chairman for four years.

"Edwards is disgruntled because he didn't get the township endorsement. He's directing his animosity towards me even though I only have one vote like the other committeemen," Kempf remarked.

Mike Haley, former mayor of Antioch who now is employed as an aide with the Illinois Sec. of State's office, is running against Joseph "Joe" Jaworski for a precinct post.

Haley is an avowed foe of Kempf.

"I'm not sure I know the reason why unless it's

because Mike feels indebted to Donna-Mae Litwiler for his state job and I happen to support Litwiler's opponent for county clerk," Kempf reflected.

Supervisor Jim Fields, who also is a County Board representative, is running for a precinct post against Carl R. "Moose" Gulbrandsen. Fields is known to be opposed to Kempf.

"There might be overtones of the Donna vs. Venita McConnel race in Fields' opposition to me. I know that Jimmy never has supported me. One of the reason is that I'm not open to making deals with Grant Township."

"I don't believe that only good Republicans and qualified candidates come from Grant and Antioch, the township chairman declared heatedly."

## Hear Testimony On Reorganization

by CHRIS SPECHT

The Lake County School Reorganization Committee presided over a brief and somewhat subdued reorganization hearing held at the Antioch Community High School on March 10.

A bill signed earlier that day by Gov. James Thompson may have been the reason for the hearing being so brief. The main provision of the bill stated that while reorganization committees were still required to hold public hearings, they were no longer required to submit some form of reorganization plan.

Although about 50 people attended the hearing, only two had signed up to testify by the time the committee members took their seats. Committee chairman Bill Thompson, urged others in the audience to sign in for testimony.

"We didn't come to speak we came to listen, so if you came for the show, it is not going to be what you think it will be," said Thompson. No one else in attendance signed up to testify.

The first to testify was Alice Gantar, President of the Emmons School District 33 Board of Education. Gantar said that after studying the reorganization issue, her board had concluded that District 33 had nothing to gain through consolidation into a larger district.

"Our study has shown the various op-

portunities larger school districts can offer, but our district can offer the same opportunities," explained Gantar.

Gantar also said that a small school district provided distinct advantages that larger districts could not offer.

One of these advantages, according to Gantar, was a higher quality of education. Gantar said that teachers could get to know a student's strengths and weaknesses better in a smaller school district.

Gantar also said that ineffective teachers would be more noticeable in a smaller school district.

Gantar said that another advantage to the small school district was the greater availability of extra-curricular activities. According to Gantar, 61 percent of their junior high school students participated in afternoon sports while 62 percent were members of the band program.

"We have an efficient system," concluded Gantar, "if it's working and working well don't change it."

Next on the agenda was Janice Mahnich, who testified for the K-8 school district 41. Mahnich presented the committee with a petition that was signed by 418 residents of the Lake Villa district, which requested that boundaries for the committee's proposed unit school districts be changed in order to keep district 41 intact.

## Tamburitzans To Genesee

The Tamburitzans of Duquesne University under the artistic direction of Nicholas Jordanoff will present their current concert production at Waukegan's beautiful Genesee Theatre on Saturday, March 29, 1986 at 8 p.m. (205 N. Genesee St.)

The Tamburitzans will appear here under the sponsorship of the American-Croatian Waukegan Tamburitz Organization.

After the concert there will be a reception for the Duquesne Tamburitzans at the Croatian Cultural Center, 1102 Sheridan Road, North Chicago.

Among the performers are Lillian and Joseph Cvitkovic, children of Petar and Marion Cvitkovic of Gurnee. Each year the Tamburitzans present an entirely new concert portraying the

culture of the East European peoples. The professional credits of Pittsburgh's collegiate performers extend throughout the world. Serving as goodwill ambassadors for the U.S. State Department and occasionally upon invitation by foreign governments, the Tamburitzans have made extended tours of Europe.

This group of highly talented folk artists dedicated to the preservation of East European folk culture take their name from the musical instrument they play, the "tamburitza." Using over 500 authentic costumes in each concert, the Tamburitzans sing in a dozen different European languages and do the dances of as many countries. The performance is an exciting spectacle of music, color and dance.

chosen on the basis of academic achievement and proficiency as singers, dancers and/or instrumentalists.

## Form New Group

The Lake County Young Republican organization has formed a new organization under a new president, Christine J. Hilden, of Lake Forest.

By mutual understanding, the club's former president, Chuck Killian, of Waukegan, will remain active in the organization as its executive director.

The major goals of the club are to primarily assist the senior party in the election of Republican candidates and over-all promotion of the Republican party platform.

"I am very excited about the new Young Republicans. There has been much county-wide support for the new Y.R.s and I hope to see the organization continue to grow. This is the club in which young people can really make a difference," says Hilden.

The club plans to hold monthly meetings at the Cook Memorial Library in Libertyville. The organization is looking for any interested individuals who are between the ages of 18 and 35 who reside or work in Lake County.

Please send all inquiries to the Lake County Republicans Federation at 128 North Genesee, Waukegan, Ill., 60085.

## Slate Teen Project

The Youth Service Network of Lake County is sponsoring its second annual Teen Recognition Project for Lake County teenagers between the ages of 13 and 19.

Teen Recognition nomination forms can be obtained by contacting Dr. Steven Peters at the Lake County Health Dept. at (312) 689-6725. The deadline for submitting nominations is May 9.

Each teenager nominated will receive a recognition packet that includes a recognition certificate with the name of the adult nominator, a congratulatory letter and a recognition button.

Finalists will be selected by the Teen Recognition committee during the weeks of May 12 through May 23. Winners will receive a \$100 U.S. Savings Bond award that will be presented at an award ceremony during the week of June 16 at the College of Lake County.

The Youth Service Network encourages adults, such as parents, teachers, clergymen, neighbors, relatives or friends to nominate teens who they feel have excelled in such areas as community service, peer leadership, academic achievement, and volunteer activities.

# Center To Coordinate Educational Programs

From computer and gifted programs, through math, science and reading assistance, to curriculum lab and staff development—a newly created, county-wide service center will be operational this summer to meet various educational needs in Lake County's elementary and secondary

schools.

The center, which is one of 18 regional operations planned for Illinois and conceived in last year's education reform package, will be housed in the Lake County Area Vocational building in Grayslake.

"One of the most exciting

parts of the program will be the curriculum lab for teachers," said Service Center Director Sybil Yastrow, who is also assistant regional superintendent of schools for Lake County.

"The curriculum lab will be a central place for

teachers to make materials, get ideas and have a professional library," Yastrow explained.

She added, "I'm excited about the concept—a place where the best ideas on effective teaching will be available. Teachers will be able to sharpen their professional skills."

Plans for 15 workshops in science and math are already planned along with inservice training in thinking skills.

Yastrow said that programs in curricular areas and gifted will be tailored to a school's specific needs. She pointed to computer consortium

operations as an example of how specifically designed programs might work.

The only problem Yastrow foresees is future funding. "The programs are funded this year. My concern is if funding will continue to be available after the projects are established."

## MADD Suggests Boycott

According to Mothers Against Drunk Driving (MADD), Wisconsin is reluctant to set a 21 year drinking age, and has not complied with legislation signed by President Reagan on July 17th, 1984.

The "Blood Border" deaths are still going on. The startling statistics from the Wisconsin Dept. of Transportation, Division of Planning & Budget, show that the death rate since 1983, from

alcohol-related fatalities has nearly doubled for out-of-state drivers in the age group of 18 to 21.

The roads in Wisconsin are covered with the blood of Illinois youths.

Until the State of Wisconsin come to their senses and raise their drinking age to 21, McHenry County Mothers Against Drunk Driving (MADD), working with the Alliance Against In-

toxicated Motorists (AAIM) advocate the following boycott for the individual people power in Illinois.

They are asking for a boycott of all Wisconsin made, manufactured, or produced products, a boycott of Wisconsin in plans on using it as a vacation or recreational spot.

And they urge Iowa, Minnesota, and Michigan citizens to join and make this a mass boycott.

"We cannot let the powers of Wisconsin liquor lobbyist groups shatter any more lives here in Illinois," said representatives of MADD.

## LCAVC Class of 1984 Boasts 5% Unemployed

A follow-up of the Lake County Area Vocational Center (LCAVC) class of 1984 shows good news.

With 73 percent of the class responding to questionnaires and phone calls, an extremely large sample, the following information was presented at the February board meeting.

"Although our goal is to show all students gainfully employed or continuing their education," said Mike Anderson, coordinator at LCAVC, "we feel satisfied

with the figure of 89 percent of the class of 1984 employed full-time or in the military. This figure, along with the approximately 7 percent unemployed and not seeking work, largely made up of full-time college students and young mothers, leaves approximately 5 percent unemployed and seeking work."

This compares to 15.8 percent in Illinois for this age group according to the "Illinois Labor Market Review."

This total employed figure represents a 4 percent increase over the class of 1983 and a 13 percent increase over the class of 1982.

Merv Pilotte, director of LCAVC said, "Equally gratifying is the data we collected from the employers. Eighty-six percent of the employers rated our students "good" or "very good" when compared to their other employees. This compares to 81 percent of the class of 1983. A full 5 percent.

## Board Grants Faculty Tenure

The Board of Trustees of the College of Lake County, Grayslake, has granted tenure to five faculty.

Each of the individuals was carefully evaluated by faculty, students and administrative staff, according to James Doppke, vice president, educational affairs.

"We congratulate these individuals on having achieved tenure, and we look for them to continue to make significant contributions to the college," Doppke said.

Those granted tenure ef-

fective fall 1986 were: Jane Leicht, MLT Coordinator, biological & health sciences division from Mundelein; Charles Huss, data processing instructor from Round Lake; Lynn Steffen, office systems & technology instructor from Lake Bluff; and James Resser, CAD/CAM coordinator, engineering, mathematics & physical sciences division from Elgin.

Tenure effective spring 1987 was granted to JoAnne Dude, ADN instructor, biological & health sciences division from Park Ridge.

# Hear Testimony

(Continued from Page 1A)

Under the committee's proposal the present district 41 would be divided among three unit districts.

"We are not necessarily against the formation of unit school districts in Lake County and the State of Illinois, but rather we are opposed to the proposal you have chosen to present to the state reorganization committee," explained Mahnich.

Charles Johnston, the committee representative from Round Lake, asked Mahnich what unit district 41 would chose to be a part of if it were to remain intact. Mahnich replied that her board did not have the information to decide that issue at this time.

As Thompson was about to conclude the hearing a member of the audience asked why the committee had not given a summary of their views on the reorganization issue.

"We are not here to debate units," replied Thompson, "we are here to hear what you have to say. This committee has already decided that units would be the easiest way to accomplish what has been called an exercise in futility."

According to Johnston, future hearings will be meaningless because the law no longer requires reorganization committees to submit some kind of reorganization plan.

"Basically, we are now just sitting around and talking and charging the taxpayers for it," said Johnston.

## Winners Galore At Craft Show

by ARDEEN HARRIS  
(312) 395-2761

So many things have been going on in the Grass Lake Area that this week's article is hard to begin. Congratulations are in order for the ceramic students who entered and placed at the Town and Country Ceramic Show held last weekend. In the children's division, Adam Marsala received a first place for his glazed pumpkin and a third place for his black cat. Beth Enright received a first place for her Scarecrow (stains), first place on her Budda, a second place on her Duck Box and a honorable mention for her ceramic cat. Jessica Stella received a second place for her Scarecrow. Corry Hansen received a first place on her vase. In the adult division, Judy Hansen received a first place for her musical bear scene, and Jan Erdman received an honorable mention on her ceramic piece. Congratulations to you all, and if anyone else entered and placed at the show, please give me a call.

For those of you who missed the "Third Ever" gym show held last week at Grass Lake School, you missed a great night of stunts, activities and just plain "showing off." Steve Bartlett, physical education

teacher, and his Grass Lake students entertained parents and friends with tumbling, jump rope activities, parachute play and apparatus stunts. Steve makes exercise interesting and Grass Lake School is lucky to have him.

St. Peter's Church held their Sacrament of Confirmation on March 6, 1986 with John G. Vlazny, Auxiliary Bishop of Chicago officiating. After eight years of classes, the following Grass Lake residents made their confirmation: John Cole, Jennifer Harris, Kenneth Matson, Joseph Rohde, Bryan Shaughnessy, Michele Skrypt, Brian Weeks and Stacey Zbylut. Best wishes to you all!

May will find the eighth grade class of Grass Lake School near graduation. While you are doing your spring cleaning, check your closets for any old Grass Lake Graduation caps and gowns. The school is looking for donation of these items for future graduates to borrow. Drop them off at the school office.

Did you mark your calendar for March 19? What's happening? The fantastic Paul Lee Magic Show will be performed at 7:30 p.m. at the Grass Lake PTO meeting. There will be a short

business meeting from 7-7:30 p.m. and then the magic show will begin from 7:30-8:30 p.m. Anyone interested in magic is welcome to come, and there is no charge for this one. A free evening of entertainment and free refreshments. What a deal! Remember, this is no ordinary magic show, I can't wait to see someone levitated on the Grass Lake Stage.

March 18 is also a special day in the community. It's election day! Let's show the State of Illinois and the County of Lake that the Antioch area is interested in the voting process by making sure we get to the polls. Please vote on March 18.

March 10 was another exciting day for the Antioch Twirlers. Miss Shamrock Festival was held in Oak Creek, Wisconsin and everyone walked away with a first place trophy for their efforts. Congratulations to Missy, Deanna and Tricia Olenick, Tara and Tiffany Christopolus and Kathy Harris. Their teacher, Alyce Brownlee, can really be proud of them. Alyce, not only teaches baton, but is a very gifted artist, and she and a few friends are having a Spring Boutique on March 14 and March 15. There will be 20 quality artisans exhibiting their works of art.

### Future Musicians

Amanda Estep bangs away on the triangle in Kris Bolin's music class during 'Music In The Schools' week which ran in Antioch Lower Grade School from March 3-7. The nation wide program allows parents to attend and participate in their child's music class. The program has been a part of the ALGS curriculum for the past eight years.

## Plan Easter

The Antioch Chamber of Commerce and Industry is making possible an early Easter celebration for everyone suffering from "cabin fever."

Starting March 17, "The World's Largest Pink Easter Bunny" will again be in his/her castle for the little rabbits to visit.

The castle is set up on Toft Street and visiting hours are weekdays, 4-7 p.m., and weekends 10 a.m.-4 p.m.

An Easter Parade is scheduled for 10 a.m. March 22 to officially welcome the Pink Easter Bunny. The parade will end with an Easter Egg hunt.

## Cub Scout Pack Stays Active

Cub Scout Pack No. 190 of St. Peter's Church in Antioch has been very active in the past few months. The cubs have been very busy earning their awards.

In January, they held their Pinewood Derby. The cubs worked very hard to make their cars which were used for the competition.

The four finalists were David Smith, Sean Noland, Justin Dyer and Matt Moitenson.

They held their second annual Blue Gold Dinner in February. Many cubs and their families were in attendance, Vince Waidzulus, who was the outgoing cub master introduced all the

guests attending the dinner. The awards of recognition were given to Vince Waidzulus, Betty Calabrese, Sue Sittler and Sylvia Waidzulus. Dave Sproull is the new cub master. The following leaders and helpers were given a special thank you for all of their time and effort: Ted Frydrowicz, Kevin Mortenson, Bill Klemnik, Linda Kuhn, Judy Denzel, Barbara Bettasso, Lydia McGill, Shelia Adkias, and Linda Maicke.

### Athlete Of The Week

Shannon Gooch, (center), has been selected as the Athlete of the Week for her performance in two Basketball victories over Stevenson and Grayslake. She totaled 43 points, 38 rebounds, 9 steals and 4 assists with only 6 fouls. # March 18 Will Decide If GOP Politics Open

by JOHN STEINKE

If you vote in the March 18 Republican primary, you will determine the future of county politics.

The county clerk contest between Wauconda Village Clerk Venita McConnel and Dist. 4 County Board Rep. Donna-Mae Litwiler of Ingleside will decide whether or not a few insiders are able to pick the candidates and defy the purpose of the open primary law.

Litwiler is the candidate of Sheriff Robert H. "Mickey" Babcox, the big boss of the Lake County GOP. McConnel is the qualified and responsible Republican candidate for Lake County Clerk. A McConnel victory will open up the GOP processes to new people with fresh ideas. It will free the party from the shackles of machine politics.

A Litwiler win will guarantee that the Lake County Republican party will resemble the Crook County Democratic machine. In county politics, you need to dominate three offices in order to create a political machine: sheriff, state's attorney and county clerk. The sheriff is the chief law enforcement official. The state's attorney has the power of investigation and prosecution. And the county clerk controls the election machinery.

Babcox is the political Godfather of Lake County State's Atty. Fred Foreman. Just one

more office and the Babcox machine will control the whole ball-of-wax. If the Babcox-Foreman forces can elect Litwiler as county clerk, the voting curtain will become the iron curtain in Lake County politics. Not only is Litwiler a political tool to Sheriff Babcox, but she is also an ineffectual County Board member. Without Babcox's endorsement, Litwiler would be consulting the yellow pages for support. Nor has Mrs. Litwiler shown good judgement in assessing governmental talent.

1. Litwiler boasts that her six-year record on the Lake County Board qualifies her to serve as county clerk. If Mrs. Litwiler is such an effective County Board member, why have so many of her colleagues endorsed McConnel's candidacy? They include Dist. 6 Representatives Glenn Miller of Long Grove, C. Richard Anderson of North Barrington, Pat Wilson of Mundelein and Jerry Beyer of Wauconda, along with Dist. 1 Representatives Donald Strenger of Lake Forest and Deloris Axelrod of Highland Park.

Mrs. Litwiler's County Board Dist. 4 includes Antioch, Avon, Grant and Lake Villa Twp. Norm Geary of Grayslake is the dean of the Dist. 4 Representatives with 21 years of service on the County Board. Geary has criticized Litwiler's performance in office.

He claims: "Litwiler's County Board record is terrible. She has yet to be to a meeting on time. If she is elected Lake County Clerk, she will have to hire someone to run the office."

2. Sheriff Babcox and his seven political dwarfs have anointed Litwiler as the next Lake County Clerk. Besides Babcox, they include State's Atty. Fred Foreman, Coroner Barbara Richardson, Circuit Court Clerk Sally Deadrick Coffelt and County Treasurer Jack "Red" Anderson, along with State Reps. Bob Churchill, Bill Peterson and Virginia Fiester Frederick. The Litwiler endorsement symbolizes political arrogance. The elected officials are saying that the voters don't know what candidates can best represent the Republican party: only the politicians know. Do you really buy that garbage?

3. Former Lake County Board of Health President Arthur Newell has been convicted of bribery and corruption. In addition, Newell has been indicted along with two other Fox Lake men and a former Antioch shoe store owner on charges of trafficking in marijuana. Guess who maneuvered the ouster of Newell's predecessor Donna-Mae Litwiler. On June 13, 1985, Lakeland Newspapers reported: "Newell became a member of the Board of Health under a cloud

of controversy. He was named to replace Dr. Anne Barlow, a physician with an international reputation in the field of public health administration and at the time, the highest ranking woman executive at Abbott Laboratories. Two members of the Lake County Board's Human Services Committee, Harry Thomas of Libertyville, and Janet Morrison of Waukegan, quit their posts in protest over the ouster of Dr. Barlow. The ouster of Dr. Barlow was engineered by Dist. 4 Representative Donna-Mae Litwiler of Ingleside." Obviously, Mrs. Litwiler was unaware of Newell's nefarious activities. But it does raise the question of whether or not Litwiler will exercise good judgement in appointing competent subordinates in the county clerk's office.

What kind of a voter are you going to be in the Republican primary? If you are an STP (Save The Party) voter, you will support Venita L. McConnel. If you are an SOS (Support Our Sheriff) voter, you will support Donna-Mae Litwiler. Venita McConnel has taken a clean and robust stand against machine politics. Hopefully, it is a stand that will reap dividends among genuine Republicans, responsible Democrats and political independents on March 18.

## Girl Scouts Celebrate

Over 225 Antioch area Girl Scouts are in the midst of celebrating Girl Scout Week, which began with Girl Scout Sunday on March 9.

Girl Scout Week coincides with the founding of the Girl Scout movement in the United States on March 12, 1912, by Juliette Gordon Low in Savannah, Georgia.

There are 15 troops in the Antioch area, from Daisy Scouts (Kindergarten level) to Senior Scouts (high school level). These girls and their leaders have been involved in an array of activities through the year such as crafts, field trips, community parades, service projects, camping and fund raisers.

Several of the troops participated in the 1986 Expo at Lakehurst Mall. The Expo celebrated Girl Scout "Thinking Day" and links Girl Scouts across the U.S. and Girl Guides in 108 other countries.

Troops 213 and 612 from Antioch took second place in the Expo display competition with their photography exhibit. Their leaders are Kathy Stams and Phyllis Zora. Kathy Nelson taught the photography skills which led to the girls' winning display.

Cadette Girl Scouts Michelle Stams and Kristin Hettich also acted as fashion models for the Expo fashion show.

## Arrest Calmell

Dr. Nellie Calmell, 40, of Antioch was arrested by Illinois State Police in Chicago on March 6, and charged with 18 counts of delivery of controlled substances.

Calmell, who worked at the Dacon Medical Center, 1640 N. Damen Ave., was arrested after a seven month investigation during which, according to police, Calmell wrote prescriptions for undercover state and city investigators.

Bond was set at \$1 million.

## ACHS Rejects Bus Bids

The Board of Education of Antioch High School rejected the bus bids on the basis of there being only one bid on the chassis. The entire bid will be redone.

Principal Arthur Blecke reported that a parent/teacher advisory committee on school discipline has been selected and will meet on Feb. 27, to review current policies.

The board also set the date of graduation for June 8, at 2 p.m. and approved the list of candidates for graduation, pending their meeting all other requirements.

In other business, the board approved the

use of the high school softball diamonds at Polley Field by the Village of Lindenhurst on Sundays, and by the Faith Lutheran Church League on Monday evenings.

Pupil personnel services director, Peter Pekkarinen, reported that student Jim Hernandez took a first place in the county in the 1986 TEAMS competition in the area of engineering graphics mechanical drawing.

## Runaway Snowmobile Injures Two Men

Two Antioch men, Gregg A. Pahlke, 21, and Kurt J. Larson, 23, were injured and underwent surgery on March 2, after a runaway snowmobile careened into a crowd of people watching snowmobile races at Wasz's Resort west of Antioch.

Robert J. Bender, owner of

the snowmobile, told Lake County Sheriff's Deputy Gary Eichhorst, that the snowmobile suddenly took off after he started it. Bender said that he tried to catch up to the snowmobile on foot and disengage the throttle but was unable to.

I WISH to thank all my friends, neighbors and relatives for the cards, flowers and kindness shown to me during my recent stay in the hospital. John Christensen. TKU-11-70

## Along the way with ANNIE MAE

Please let it be! Have you seen all the tans about town? I think some are vacations and some are the booths. Who cares it just looks good! I have heard of a few runaways before Spring Break to Florida and Las Vegas. The Las Vegas gals only luck was great weather! It was an unusual 86 degrees after they had had winter weather. The Gutowski's and the Carney's flew to Florida with Jim McMahon! Sorry girls, his wife and children were with, so don't be too disappointed you missed the plane.

Did everyone have fun at the Oakwood Knolls Spring Dance? It is always so much fun and all of those prizes they give away! Of course the food and dancing at Harbor Ridge added to a very nice evening.

The Jaycees Las Vegas night was also fun on Saturday night. They had nice prizes for those fortunate enough to have money at the end of the evening. I hear

some wished they had the luck in Vegas they had Saturday night.

Speaking of the Jaycees, don't forget their blood drive March 15.

A Happy Birthday to Joe Gutowski who had a surprise birthday party Sunday. He was 50 years old! Of course Joe living up to his name came all decked out for his tribute in his---bowling shirt!! Poor Louise, you know what they say--"You can take'em out but..." (I guess he had been bowling.)

With this springy weather in the air, I hope everyone is planning their float for the Easter Parade March 22 at 10 a.m. Also, get your green ready and plans made for St. Patrick's night and if you think it is going to be an exceptional evening make sure you vote now! Election Day is the following day--Don't forget to vote absentee if you are planning to leave town over the 18th!

Happy St. Patrick's Day from Annie Mae...See ya next week!

## The 'Last' Primary

With few exceptions, notably Waukegan, North Chicago and Highland Park, the March 18 primary election will be a Republican exercise in Lake County.

Even then, with the exception of competition for County Board nominations, the local Republican ticket will offer it's party members a choice for only county clerk and regional superintendent of schools besides one state senatorial district. All the other GOP offices are unopposed other than state level.

The 1986 Republican primary is quite a turn around from a party that used to pride itself on lively, open, invigorating primaries. With Sheriff Robert "Mickey" Babcox throwing around his considerable weight as to who gets supported there even is a minor issue of bossism astir, an issue that could be fanned into major proportions when general electioneering begins.

What has happened is that two GOP kingpins, the sheriff and County Chairman Robert "Bob" Neal, have taken unto themselves the decision making process, to a large extent, of who runs and who doesn't. Republican aspirants these days, more often than not, don't make up their minds about running. They check with Mickey or Bob.

County Board Rep. Donna-Mae Nix Litwiler, a former aide of Babcox when he was coroner, virtually was hand-picked by the sheriff to run for county clerk. Neal has been wheeling and dealing County Board candidates. At one time there was wonderment whether the sheriff and county chairman might be on a collision course, but not any more now that Neal turns up as honorary chairman of Babcox's big \$100 a plate fund raising shindig.

A majority of the county officials and at least two members of the Lake County Springfield delegation have joined the sheriff in lock step to back Litwiler's bid. Refusing to bow to Sheriff Babcox's bidding were

County School Supt. William Thompson, who is retiring, and Recorder Frank Nustra, dean of county office holders.

Village Clerk Venita McConnel of Wauconda chose to "go it alone" as a GOP primary aspirant for county clerk, engendering the scorn of the sheriff and his followers. Even as she fights an uphill battle for the nomination, McConnel represents the glimmering hope for future open GOP primaries in Lake County. If McConnel falls before the forces of the sheriff's office, there is reason to believe that open primaries in Lake County will be a memory and nothing more.

The Lake County Democratic party, what there is of it, doesn't hold primary elections anymore. The Republicans, for various reasons, appear to be heading in the same direction. The absence primary campaigns doesn't bode well for good government.

## Tops In Attendance

In a rapidly urbanizing locality like the Lakeland area, it is notable that two of the state's top three state parks in attendance are located in Lake County.

Illinois Beach State Park, Zion, topped the seven Illinois sites recording more than a million visitors last year with 2,045,764. Next was Kankakee River State Park, near Kankakee, with 1,460,052 in attendance, and Chain O' Lakes State Park, in the northwestern corner of Lake County, was third with 1,455,361 visitors.

Obviously, the attraction of a remote natural area for families to enjoy outdoor

recreation is secondary to convenience. The 1985 attendance of 31,972,000 at Illinois state parks in 1985 is the strongest possible argument in favor of maintaining a strong parks system and providing Illinois citizens with open space recreation.

The total was the highest in the past five years, continuing an upward trend uninterrupted since 1981.

Among other million-plus sites were Pere Marquette, 1,290,475; Starved Rock, 1,170,192; Giant City, 1,143,159 and Rock Cut, 1,138,405.

## Letters To The Editor

### No Friend

Editor:

I was shocked to hear statements by Judy Koehler, candidate for U.S. Senate regarding the possible closing of Lake County's two military bases, Great Lakes and Fort Sheridan. Koehler stated that she had an "open mind" in considering the closing of those bases and that she did not consider them "sacrosanct".

Fort Sheridan will celebrate its 100th anniversary this year and if closed would result in a \$250 million loss to the Illinois economy. Great Lakes Naval Training Center will celebrate 75 years in Lake County and provides jobs for 3,500 civilians. Add to this the 1,600 civilian jobs provided by Fort Sheridan and it becomes apparent that the loss of either base would be disastrous for Lake County.

Since Illinois taxpayers have been sending \$13 billion a year to the Pentagon while receiving only \$3 billion in return, it does not seem in the best interest of either Lake County or Illinois to send a Senator, such as Judy Koehler, to Washington who has so little concern for our state.

When I asked George Ranney, a Republican candidate for the United States Senate, about Fort Sheridan and Great Lakes he said, "I am not open-minded on these bases, and I do consider them 'sacrosanct'." "They must stay in Lake County. It is no secret that Illinois ranks at the bottom of the list of states when you look at the figures for the Department of Defense

expenditures in each state. Per capita spending is about one third in Illinois (\$262) per year compared to an average of (\$801) annually for all 50 states. The Dept. of Defense spends a mere \$3 billion annually in Illinois while California receives a whopping \$37 billion each year.

### Happy Memories

Editor:

I was saddened to read your story about the fire and death in Hainesville. I lived in that old house for many years; from 1957 to 1969 to be exact. During that time, the house was part of the Fontana estate. The Fontana family owned 60 acres of land, with five houses on it and the old gas station that has since been converted into a florist shop.

I shared many happy memories in that house with my mother and brother. During that time period, I attended Grayslake High School, and remember spending many cold winter mornings standing in front of the house waiting for the school bus. In the summer, I'd spend hours sitting on the porch, looking out over the fields and watching the wheat wave in the wind.

A part of my soul will always remain with that old house, and many times my memories turn to happy days spent there with family and friends.

### St. Patrick's Day Spurs Stories Of Irish Lore

by BILL SCHROEDER

Some interesting sidelights to county history will come into focus Monday, March 17, when Mrs. Jessie O'Grady, 94, and Bob O'Farrell, 89, board a colorful sloop "with fringe on top" to lead the St. Patrick's Day parade stepping off at 4:30 p.m. in Waukegan.

Before she started raising a family, Mrs. O'Grady worked in the office of Cyclone Fence, North Chicago. She gained the job on the basis of her training at Lake County Business College located in downtown Waukegan.

She had two children, Patricia Margaret O'Grady Rudd, who was born on St. Patrick's Day, and Edward, who gained local fame in later years as the proprietor of two Irish pubs, O'Grady's Shamrock Grove, Grayslake, and O'Grady's Bit of Ireland, Wooster Lake, Ingleside. Now retired, "Eddie O'" is chronicling county history—from an Irish point of view, of course.

Eddie confirmed that the only speech Abraham Lincoln ever scheduled in Waukegan turned out to be a dud because political foes started a big fire on the Waukegan lakefront and everyone left to see what was happening. The Lincoln yarn was related to O'Grady as a youth by Hoopie Wetzel, a member of a founding family, who remembered the incident. Hoopie Wetzel died at age 101.

Mrs. O'Grady's partner in the sloop is one of the best-known sports personalities Lake County ever has produced.

Waukegan had an exhibition game with the Chicago Cubs in 1915. Bob O'Farrell was 16 years old when the Cubs signed him up after the exhibition game and took him to Chicago with them. The Cubs sold him to St. Louis. Roger Hornsby was the manager of St. Louis, Bob caught for St. Louis when they beat the New York Yankees in the World Series in 1926. Grover Cleveland Alexander was the star pitcher of that series. Alexander struck out Yankees "Murder Row" Tony Lazzari, Lou Gehrig and Babe Ruth, all in a row. In the last of the ninth, two men out, O'Farrell threw out Babe Ruth trying to steal second to end the World Series of 1926. Roger Hornsby was fired in 1927. O'Farrell was made manager of St. Louis. Bob was fired in 1928 and then went on to manage three other teams in the National League.

It's no blarney! The Irish always have been identified with the colorful parts of the county's past.

**HATS OFF!**—Congratulations to Coach Frank Belmont and Lake County's team, the Carmel Corsairs, for their second consecutive Sweet Sixteen appearance. After defeating only 16 teams left in the Class AA tournament and only one more victory away from a trip to Champaign for the Assembly Hall finals at the University of Illinois.

After losing key players from last year's Sweet Sixteen squad, Belmont was confronted with a major rebuilding job. Utilizing the multi-talented Rod Whittier, only returning regular, Belmont put together a team featuring speed, quickness, defensive agility and long range shooting, in contrast to Carmel's trademark of height and power of recent years. Belmont brought the players together and was patient with them while they learned to believe in themselves. Their slow start was not unexpected, but Carmel's tournament record and run of eight wins in nine outings to gain a Sweet Sixteen berth wasn't dreamed of last November. A personal tribute to the 1986 Corsairs is something they brought themselves, a tenacious, never-say die determination. We see them as a reflection of their coach and the gifted athlete who is their leader. They'll be remembered a long time!

**HEY, CHARLIE!**—Friends of Charles Stransky, a Lakeland product who has carved a niche in professional theater, can see him perform in "Glengarry Glen Ross," which is now running at Chicago's Blackstone through March 29. You'd better bring asbestos earmuffs, though, advises Charles' father, who saw the Broadway version and came away embarrassed at the language that can best be described as "plain filthy."

Stransky, a graduate of Grayslake High, has paid his dues in the acting profession in New York City and on the road. He's even qualified to teach acting. Stransky's credits include some Hollywood work.

The senior Stransky shakes his head at the thought of language used on the stage today. "I served in the Foreign Legion, but I turned red," he remarked. The Stranskys are residents of Third Lake.

## What Primary Is All About: It's A Party Issue

by JOHN STEINKE  
(Political Columnist)

Lake County voters will have an opportunity to help nominate state and county candidates in the March 18 primary for the November general election.

If you are a registered voter, you have the option to request a Republican or Democratic primary ballot. Election officials will record your party preference on your voter registration card.

But nobody can determine which candidates you voted for in the primary election. Your choice of a primary ballot does not bind you to any political party or candidate in the Nov. 6 general

election.

Primary elections are where the voters nominate the Republican and Democratic candidates. The November election is a contest between the GOP and Democratic nominees for state and county offices. Traditionally, only one-fourth or less of Lake County voters participate in primary elections conducted in off-year or non-presidential years. There aren't any major statewide contests in either party's primary this year.

In Lake County, interest is focused on the Republican primary. There is a hotly-contested race for the GOP

nomination for Lake County Clerk between Wauconda Village Clerk Venita McConnell and Dist. 4 County Board Rep. Donna-Mae Litwiler of Ingleside. The GOP primary winner will oppose Democrat incumbent Linda Hess, who is unopposed for renomination.

In addition there are heated County Board contests in four districts between Republican Chairman Bob Neal's party regulars and the Norm Geary-Jim LaBelle GOP faction. In December 1984, LaBelle was elected County Board chairman over then incumbent Glenn Miller by a 13-11 vote

on the 27th ballot. Eight Republicans and five Democrats produced LaBelle's victory. Eleven GOP members supported Miller's abortive reelection bid. LaBelle's election has sharply polarized the county board between these two factions during the past two years.

Lake County Republican Chairman Bob Neal's party regulars have targeted Dist. 1 Representative James Mitchell of Deerfield, Dist. 3 Representative Jim LaBelle of Zion and Dist. 4 Representative Norm Geary of Grayslake for election defeat. The Republican

organization also wants to block the return of Libertyville Twp. Supervisor Mike Graham to the County Board from Dist. 5. Chairman Neal wants to elect enough party loyalists to the County Board to prevent the Democratic minority from holding the balance-of-power in the selection of the chairman next December.

The only Democratic contest generating any interest is the County Board race in Dist. 2, which encompasses South Waukegan and North Chicago. Incumbents John Balen and Stan Pekol are being challenged by can-

didates being sponsored by Republican Waukegan Mayor Robert Sabojan and Democratic North Chicago Mayor Bobby Thompson. Lake County Republicans would welcome the defeat of Balen, who is the leader of the Democratic bloc on the County Board. There isn't much question that the primary election will determine the dominant group on the 24-member Lake County Board for the next two years. With the exception of Dist. 2, most political observers anticipate a massive Democratic crossover vote into the Republican primary to influence the county clerk and County Board races.

## Bitter Race Waging Among 5 In Dist. 5

A bitter race is waging among the five Republicans seeking two Lake County Board nominations in the March 18 primary for Dist. 5, which includes Libertyville, Vernon and Warren Townships. The Republican primary is tantamount to the election because the Democrats have failed to field any county board candidates in this predominantly GOP district.

The contest involves two party regulars, two GOP mavericks and an appointed incumbent.

1. The party regulars are represented by incumbent Robert Depke of Warren Twp. and newcomer Jerome J. Brunette of Libertyville. Reportedly, Brunette was recruited by GOP Lake County Chairman Bob Neal to run with Depke. The Depke-Brunette team has received the party endorsement in the primary election.

2. The GOP mavericks include Mike Graham, Libertyville Twp. Supervisor and a

former county board member, along with Carol Calabresa, a Libertyville Twp. trustee. Graham has been censured by the party for supporting some Democratic candidates in the 1982 elections. Graham is a strong environmentalist, who has accused Bob Depke of being "the James Watt of Lake County."

3. Incumbent Eugene E. "Gene" Martin was appointed to the County Board by Chairman Jim LaBelle last summer when Priscilla Richardson resigned from office. Chairman Bob Neal's party organization didn't endorse Martin's candidacy because of its enmity toward LaBelle. Republican Lake County Chairman Bob Neal has been hostile to LaBelle because he was elected county board chairman two years ago with the support of maverick Republican Norm Geary of Grayslake and Democrat John Balen of Waukegan. Reportedly, Martin has the support of Dist. 5 Rep. Andrea Moore of Libertyville.

The Dist. 5 contest heated up when Don

Mason was disqualified from the Republican primary ballot for sheriff because of inadequate signatures on his nomination petitions. Mason withdrew from the race, which guarantees that Sheriff Robert H. "Mickey" Babcox will be unopposed in the March 18 GOP primary for renomination to a second term. Mason intends to field an independent candidacy in the Nov. 6 general election. Lake County GOP Chairman Bob Neal then claimed that "Mason has no integrity or morals."

Mike Graham has been a longtime critic of party leader Bob Neal. On April 26, 1984, William Haley of Antioch was convicted of smuggling \$450,000 worth of marijuana from Columbia to Florida. The Haleys are a prominent Republican family in Antioch Twp. On May 22, 1984, GOP Chairman Bob Neal sent a letter to the court requesting a lenient sentence for Haley. Neal dispatched his Haley letter on official Republican party stationery. The court sentenced Haley to 10

years in prison and fined him \$25,000.

Chairman Neal's leniency appeal for Haley's conviction combined with his harsh indictment of Mason's candidacy prompted Graham to criticize the Lake County GOP leader. Mike Graham writes, "The following is by no means a defense of Don Mason but a glaring example of the pot calling the kettle black....I believe your efforts to reduce the sentence of an international drug smuggler are unforgivable and 100-fold worse than anything Mason is accused of doing. And you continuously compound it with your arrogance of nonrepentance and 'I would do it again' attitude ... talking about embarrassing the Republican Party. Mason may well destroy his own political life, but drug smugglers destroy thousands of lives. In the Libertyville area alone, I can name three young men who died due to drugs and a dozen more who are walking zombies. These are young people in their 20s who will be on some form of public aid for the balance of their lives."

## Dist. 4 Candidates Marching Two By Two

by JOHN STEINKE  
(Political Columnist)

County Board Dist. 4 includes Antioch, Avon, Grant and Lake Villa Twps. in western Lake County. It is a predominantly Republican area where six GOP candidates are campaigning for two positions on the county board in the March 18 primary. The Republican nomination will be tantamount to the election because the Democrats haven't fielded only County Board nominees for the November contest in Dist. 4.

### Commentary

There are three sets of GOP aspirants. Veteran incumbent Norm Geary of Grayslake and political newcomer, Bill Mestan of Fox Lake, are running as a team. Former County Board chairman, Geary, is the only incumbent seeking reelection from Dist. 4 in this year's election. He is a maverick Republican, who has generated opposition from the regular GOP organization.

The party regulars are supporting Avon Twp. Highway Commissioner Pat Anderson and Charlotte Kiesgan, the wife of the Grant Twp. Highway Commissioner. Anderson was elected to his office less than a year ago on Geary's Twp. ticket. Norm Geary is not only a County Board member, but he has served as Avon Twp. Supervisor for the past 23 years. Kiesgan is seeking a County Board slot because incumbent Donna-Mae Litwiler of Ingleside is running for the Republican nomination for Lake County Clerk.

Two perennial losers are campaigning as a ticket. They are former County Board member Joe Tobolik and Ray Edwards, Sr. Lakeland Publisher Bill Schroeder has characterized Tobolik and Edwards as "the Laurel and Hardy" of Lake County politics. They have proudly accepted this mantle of leadership, and have promised "as County Board members, we will stand on our heads to get the job done..." Ray (Hardy) Edwards

and Joe (Laurel) Tobolik aren't perceived as serious candidates in the primary election.

Geary has denounced "bossism." He claims that Anderson and Kiesgan "are pawns of Sheriff Mickey Babcox." Geary asserts that neither Anderson nor Kiesgan have the experience and qualifications to serve on the county board. He asks: "What will they do when Babcox asks for 25 more deputies?" The Veteran incumbent reminds voters that county government has "more than a \$100 million budget."

In addition, Geary accuses Lake County Republican Chairman Bob Neal of encouraging the youthful Anderson to field a candidacy against his reelection efforts. Geary maintains: "I give the Republicans an alternative to Bob Neal. He has had problems with the IRS, been charged with drunk driving, and wrote a letter on party stationery pleading for leniency for a convicted drug smuggler from Antioch." (Neal was acquitted of the drunk driving charge.)

Geary also charges Neal with abuses in the distribution of state patronage. He contends that Antioch Twp. Republican Chairman Chuck Kempf "is an absolute party hack of Bob Neal." Geary claims that Kempf and members of his family were appointed to state jobs under Neal's patronage system.

Geary also maintains that the other three Dist. 4 County Board members are political

lightweights. They include Litwiler of Ingleside, Jim Fields of Antioch, and Fred Popp of Lake Villa. He states that Litwiler has "a terrible record" on the County Board. Geary asserts that neither Popp nor Fields have "any leadership capabilities." He contends that both men do not want to assume leadership roles on the County Board. The outspoken Geary says that Popp "blatantly

lied to me on supporting my candidacy for County Board chairman in 1984." (In Dec., 1984, Dist. 3 Rep. Jim LaBelle was elected Lake County Board Chairman with Geary's support. LaBelle defeated then incumbent Glenn Miller of Long Grove, 13-11. The other District 4 Representatives (Fields, Litwiler and Popp) supported Miller's abortive reelection bid.

## Litwiler Denies Tie To Sheriff Babcox

By JOHN STEINKE  
(Political Columnist)

Dist. 4 County Board Rep. Donna-Mae Litwiler of Ingleside discussed her county clerk's candidacy in an exclusive interview with Lakeland Newspapers. Wauconda Village Clerk Venita L. McConnell and Litwiler are competing for the GOP nomination for Lake County Clerk in the March 18 primary.

### 1. MCCONNEL-LITWILER DEBATE:

McConnell and Litwiler engaged in a recent debate at the Waukegan City Club. Litwiler characterized the debate in this fashion: "It was just like the song from 'Annie Get Your Gun.' 'Anything you can do, I can do better.'"

### 2. THE MCCONNEL CAMPAIGN:

Litwiler observed: "I have some real problems with her (McConnell) when she says 'if elected I am beholden to no one.' I would be obligated to the voter that cast a ballot for me. 'McConnell's statement is an indirect reference to the allegation that Sheriff Robert H. 'Mickey' Babcox is sponsoring Litwiler's candidacy in order to capture the county's election machinery."

### 3. COUNTY CLERK'S OFFICE:

If elected, Litwiler claimed that she hasn't considered any personnel changes in the county clerk's office: "No one has ever asked me for a job."

### 4. FUTURE DEBATES: If nominated, Lit-

wiler admitted that it would be necessary for her to debate Democratic incumbent Linda Hess in order to maintain her political credibility.

### 5. PRESERVATION OF THE TWO-PARTY SYSTEM:

If Democratic County Clerk Linda Hess were defeated for reelection in the Nov. election, the Republicans would monopolize the eight countywide offices. Litwiler stated that Hess' defeat would not endanger the two-party system in Lake County. She maintained: "The two-party system belongs at the County Board level where they set budget and policy. If they want checks and balances, that is where it belongs."

6. REPUBLICAN UNITY: If she loses the Republican primary, Litwiler pledged that she would support Venita L. McConnell's election over Democrat Linda Hess. Litwiler commented: "I'm a Republican. I'm a party person. I'm a lifelong Lake County Republican."

7. POLITICAL RELATIONSHIP WITH SHERIFF BABCOX: Litwiler denied that she was a party hack of Sheriff Babcox's political organization. She said: "I don't call Mickey Babcox to ask him how to vote. And Mickey doesn't call me on County Board matters. Mickey Babcox is doing an excellent job as sheriff."

## Park Board Awards Bid

The Round Lake Park Village Board has awarded its next major storm sewer project (Ravine, Arbor and Lake Shore drives) to CarMin Construction, Inc., Zion.

The project, which will cost the village \$48,222, will be paid for out of the Year 12 Community Block Grant Fund.

Mayor George Scherer said the project is scheduled to begin within the next two months.

## Victory Prepares For Poison Prevention Week

In commemoration of Poison Prevention Week, March 16-22, Victory Memorial Hospital is offering a service to parents to help minimize the risk of accidental poisoning by household chemicals.

The hospital is offering complimentary sheets of "Mr. Yuk" stickers. "Mr. Yuk" stickers are used to identify dangerous substances in the home so that small children will know not to touch them. The stickers should be affixed to the necks of bottle, or to the front of containers. Parents should explain that "Mr. Yuk" means "Don't Touch."

To obtain "Mr. Yuk" stickers free of charge, those interested should send name and mailing address to Victory Hospital, Dept. EMERG. "Mr. Yuk", 1324 North Sheridan Rd., Waukegan.

On the "Mr. Yuk" sticker is the information line telephone number of the Regional Poison Information Center for Northern Illinois, which is located in Chicago. Victory Hospital Emergency Dept., a Poison Index Center, participates in the national network of Poison Information Centers as a resource to residents of Northeastern Lake County. The hospital's emergency department phone number is (312) 360-4181.

Victory Hospital offers

these suggestions for minimizing the risk of accidental poisoning: 1) Instruct children that "Mr. Yuk" means "Don't Touch".

2) Keep household products and medicines out of reach and out of sight of children under five years of age. 3) Store medicines separately from other household

products and keep these items in their original containers—never in cups or other bottles. 4) Be sure all products are properly labeled. 5) Always turn the light on when giving and taking medication and read the label prior to each use. 6) Since children tend to imitate adults, avoid taking

medication in their presence. 7) Refer to medicine as medicine, not candy. 8) Clean out your medicine cabinet frequently. Throw away old medicines by flushing them down the drain, rinsing the container in water, and then tossing it away. 9) Ask for use household substances which

are available in child resistant packaging. Insist on safety packaging for prescription medicines; they offer extra protection for children.

Ninety percent of all cases of poisoning reported involve children under five years of age. Medicines, household preparations, insect sprays,

kerosene, lighter fluid, some furniture polishes, turpentine, paints, solvents, and products containing lye and acids are most often the cause of accidental poisoning among children. Last year, an estimated 500,000 children were victims of accidental poisoning.

## Understanding Pet's Instincts Can Help In Training

by CHARLENE WHITNEY

Understanding your pet's motivations and instincts can help you to train your cat. Invest time in his early training so your pet can learn the rules of the house. It is more difficult to stop bad habits than to teach good ones in the first place. Cats don't misbehave just to spite their owners. He may not even know he's doing wrong. He needs you to teach him. Keep in mind that cats' personalities vary widely and no one method will work for them all.

The litter box training is first. The mother cat teaches this to her kittens when they are about four weeks old. Kittens have a natural attraction to scratching around.

Have a box ready for the kitten when you bring him home. Make sure that he can easily climb in and out of his litter box. Place the litter box in a quiet spot away from household traffic. Don't let the newcomer

wander too far away from his box. Large, new places can make it confusing for him to find his box again. Don't move his litter box as that will confuse him.

Keep the litter box clean at all times. Cats won't use a dirty one.

Don't let other animals or children frighten your cat while he's using his box.

Don't give him medicine, scold him or give him any unpleasant experience with his litter box. He won't go back to use it if you do.

Get your kitten or cat used to using the box. Put him in it after naps, meals and play times. Should he appear to be smelling or scratching, place him in his box. Encourage him to scratch his litter. Praise him and give a treat when he does right.

Some cats don't like a particular brands of litter. He may dislike the smell or feel of certain brands. Some cats like sawdust or shredded papers.

It may be that your cat feels his litter box is in need

of a more private spot. These are all things to keep in mind should your cat break litter training. Illness can be another cause. He may have a lower urinary tract ailment. Take him to your veterinarian immediately as this disorder can be fatal if not treated.

Sometimes a cat will spray since urination is his territorial marker. Males are most inclined to do this, and having them neutered

almost always solves the problem.

Cats have an urge to scratch. It keeps their claws in good shape. You don't want him to use your furniture. So, if he is an indoor

cat, give him a scratching post. Make sure that it is sturdy so it doesn't fall and frighten the cat. It can be made out of soft pine and covered with a heavy fabric you pet likes. Make sure it is tall enough for him to stretch to his full length.

Show your kitten the post and teach him to play with it. This should be the first day he moves in. Praise him for using his post. Cats have a tendency to scratch the same place. They go back to their

plastic and should use his post. Once he is using his post, move it a couple of inches a day closer to where it will be.

There is really a lot to cover in training your cat. These are just two of the

basic needs. You can do a fine job of training him.

Take note: Use caution choosing houseplants for your cat's surroundings. Cats chew on foliage and some common plants are poisonous to cats.

# Belated Microwave Turns Out To Be A Blessing

I held off as long as I could. I never intended to buy a microwave oven, but the word was passed: Anita wants one for Christmas.

So I went out and plunked down the bucks for a touchmatic. But I'm getting ahead of myself.

We spent last Christmas Eve with my wife's son, his wife and their new baby, Denise, a real cutie. When I noticed a present addressed to yours truly in the shopping bag being carted over to Tony's, I was startled.

"You know I never open my presents until Christmas morning," I told Anita.

"Just put the bag in the car," she said.

Close to midnight, I found out why. I laughed for a straight minute after I opened the present. It was a bacon rack for a microwave.

"It might be a sewing machine," I had repeatedly warned of the large gift with Anita's name on it.

"I measured the box," she said.

"I'm not talking," I said several times.

Christmas afternoon, I prepared knock-wurst for brunch. I used the microwave. I used the bacon rack.

We love Anita's present.

## Carmel's Sweet 16 Sequel Proves A Smash Hit

by STEVE PETERSON

In movies, sequels are sometimes cheap imitations of the original.

In high school basketball, sequels based on hard work and belief in yourself can often lead to memories for life.

Such was the case for Carmel's boys basketball team March 7.

The Corsairs (18-11) stormed back from a 10-point third quarter deficit to top Waukegan East 61-57 to capture the East sectional championship. The title puts Carmel back into the land of Illinois basketball powers—the Sweet Sixteen of Class AA.

The Corsairs pulled off the stunning win without the usual necessary ingredients. There is no standout center to lob the ball to, no "black-and-bruise" forwards or twin towers to dominate underneath the basket.

Just a steady, determined team striving to advance one win farther than last year's club. That one win, of course, would put Carmel in the Elite Eight.

"No one expected us to go this far except the 15 players and two coaches in this room," senior Rod Whittier said afterwards.

"That was an excellent basketball game you played out there," Carmel coach Frank Belmont told his team. "In January, after a game against Notre Dame, we sat in the locker room and I said there is no reason this team cannot go as far as last year's."

Matters certainly looked dismal for Belmont's forces in the third quarter. East was dominating most of the facets of the game, leading 41-31 with 2:50 left.

"I knew it was do or die

time. I didn't think we'd lose; I just thought we would have a six or eight point run. In the first half we were doing a lot of things right but not getting our shots to drop," Belmont said.

Defense turned a possible blowout loss into an unlikely win for Carmel. The Corsairs packed in a zone defense in the later stages of the third and fourth quarters, outscoring East 20-13 in the final quarter.

"I think it was the defense. We live and die by our guards playing defense. We got some traps and Rod (Whittier) and Rodney (Lambright) got some steals," said junior Rob Graham.

"It was mainly pressure on defense," Whittier said of the turnaround. "They were hitting an unbelievable percentage of their shots. We

just started hitting ours."

Whittier said playing in adverse conditions—a poor start to the season (4-5) and having to rally to win other tournament games helped.

"We were behind in every game except Libertyville in the state tournament this year, so why should this be any different?"

"This is one of the best games of my life," Whittier, who finished with 11 points, said.

"Our man-to-man defense was the key to the game. We wanted to get tougher pressure on the ball and force them into turnovers," Belmont said.

After falling behind by the 10-point margin, the Corsairs turned on the offense. A 16-5 romp, led by 10 fourth-quarter points from George France.

It started with a tip-in by

Scott Peterson with 2:09 left in the quarter.

East then committed a turnover and Graham, who finished with 15 points, brought Carmel to within six. A France steal led to a baseline jumper by Lambright that made it 41-37.

Two free throws by France with :12 left in the quarter brought Carmel to within three at 44-41 after three.

Four free throws by Lambright and Graham and a France hoop gave Carmel a short-lived lead at 47-46 with 6:27 left.

East's Bulldogs then went on a 7-0 tear, building up a 53-47 margin with 4:52 left.

Carmel was not to be denied.

Holding East scoreless for over 1:30, the Corsairs got free throws from France, Lambright and a baseline jumper by France to come to

within one at 55-54.

Graham's layup with 1:55 left gave Carmel a 56-55 lead.

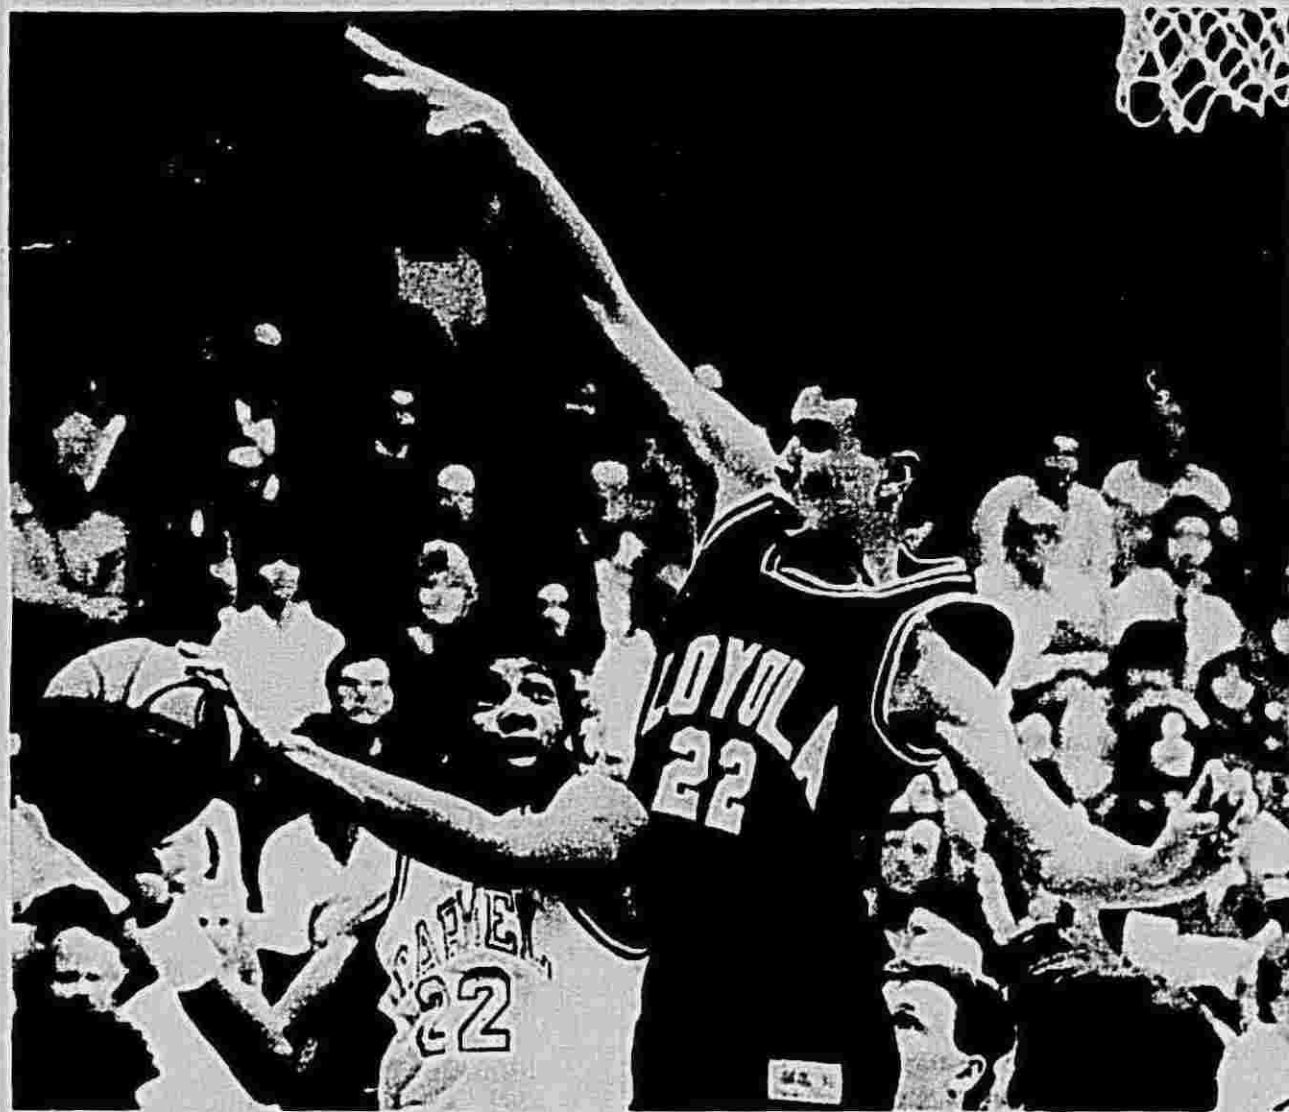

East immediately committed a turnover, giving Carmel the ball with 1:49 remaining.

The Corsairs then ran the four-corner offense well enough to make the strategy's founder, North Carolina coach Dean Smith, proud.

After 20 passes and 1:09 had elapsed on the clock, France found an opening for an easy layup and a 58-55 lead. Whittier's free throw with :23 left gave the Corsairs a four-point cushion.

Carmel's numerous fans in the crowd of 3,000 began celebrating, waiting for the final ticks of the clock before storming onto the floor.

Making the Sweet Sixteen was indeed better the second time around.

## Schedule Awards Night

Carmel High School for boys will honor its winter sports athletes at a winter sports award night March 17.

The banquet will begin at 7:30 p.m. in the cafeteria.

Two of three three basketball teams finished with .500 records or better.

Coach Frank Belmont's varsity ended the regular season with a 14-11 overall record before winning the Libertyville regional. The Corsairs finished 8-6 in the East Suburban Catholic Conference, in fourth place.

Carmel's Rod Whittier was named unanimously to the all-conference team. Rob Graham and Rodney Lam-

bright earned special mention.

The Corsairs prepared for tournament play with a 65-52 win over Joliet Catholic in an away game.

The sophomore Corsairs proved the best may be yet to come for Carmel hoop followers. Coaches Jay Hoffmann and Tim McNulty guided the sophs to a 19-5 overall record. The 10-4 ESCC mark was good enough for second place behind St. Joseph.

The freshmen squad finished 8-16, 3-11 in the ESCC. Coach Tom Ragen's team finished the year on a high note by beating Joliet Catholic.

In wrestling, Carmela advanced three wrestlers from the Lake Forest Regional to the McHenry sectional.

Bob Huster won first place at Lake Forest in the 155 pound weight class. Dave Vonesch was second at 126 and Chris Monte third at 112.

Vonesch lost to Barrington's Andy Warren in a fall at 3:21. Huster also lost to a Bronco wrestler at 155, John Blanke, 8-1 in sectional action.

The grapplers finished 11-5-1 on the year.

Carmel's hockey team found things tough going in a 5-14 year. The Corsairs placed Glenn Benjamin and Bryan Garofolo on the all-conference team.

## Sports Clinic To Focus On Throwing Injuries

The College of Lake County Physical Therapy Services and Health, Physical Education, Intramurals, Recreation & Athletics Div. (HPERIA) are co-sponsoring a "Throwing Seminar," March 22, from 9 p.m. to

midnight in the Blue Lecture Hall on the Grayslake campus.

Area baseball coaches and athletic trainers will benefit from the expertise of physicians, therapists and coaches to learn how to

minimize chance of shoulder or elbow injury.

There is a \$5 registration fee. For more information and to register, call the HPERIA Div. office, (312) 223-6601, ext. 475. Deadline for registration is March 14.

## Sophs Ready For Varsity

One of the traits of a solid basketball program is winning at the underclass levels.

Warren Twp. High School's basketball program met that description in 1985-86 as the Blue Devil sophomores posted a 21-3 record.

Warren shared the North Suburban Conference title with Lake Forest as both teams had 16-2 league records.

"We knew we were going to have a good team because they were successful as freshmen," coach Chuck Ramsey said. "We didn't exceed our expectations. I'd say we were right there."

The Blue Devils emphasized defense throughout the season. Warren held opponents to just 34.8 points a game while scoring 47.

"I've been coaching the sophomores for seven years and this is our fourth conference title. Of those teams, this one has the best defensive average and they're being compared to other

good teams," Ramsey said.

Ramsey said the sophs used the man-to-man 90 to 95 percent of the time.

"We're a defensive-oriented system at Warren. We use man-to-man. Once they learn that they can learn any other defense on the varsity," Ramsey said.

Ramsey said that with the seniors graduating from the varsity team, the sophomores will see playing time as juniors.

"Comparing us to baseball, we're the AAA level," Ramsey said.

Offensively, the Blue Devils enjoyed a balanced attack. Matt Lingenfelter led the way with 10 points a game, but all of the starters led in scoring at least one game. Dave Sjong was the leading rebounder at four a game.

Point guard Derek Shelton had 98 assists and was the team's second leading scorer.

"He's an excellent ballhan-

dlar with really good skills. He had only 53 turnovers and our point guard handles the ball a lot. Joel Elfering (the varsity's point guard) had 68 when he was a sophomore and he was super. He (Shelton) has an excellent chance to start on the varsity," Ramsey said.

Ramsey complimented the improved play of center Brian Sears and forward Dave Nolan. C. Jay Harmer was the off-guard.

Mike Wagner led the team in free-throw shooting with 73 percent.

Ramsey said competitive practices were the rule.

"We have very competitive practices. We keep score on a lot of things and then they can handle playing under pressure," Ramsey said.

Also on the team were Brian Sitz, Leon Darby, Chel Griffith, Tim Moran, Brent Howard, Jim Siewek, Jim Sebastian, Dirk Stevens and John Spindler.

## Sequoits Lose Thriller To Close Out Campaign

The Antioch Sequoits closed out their 1985-86 campaign with a heartbreaking 92-89 loss to the Woodstock Blue Streaks in three overtimes.

Senior Dave Grindley played the best game of his career against Woodstock during the Rockford Auburn Sectional first-round contest, scoring a game-high 39 points, but it wasn't enough to help his team advance in the

IHSA basketball tournament.

The Sequoits had this game in the bag (leading by 12 points late in the third quarter), but some careless play on the part of Antioch enabled the Blue Streaks to get back into the game.

Woodstock went to a full-court press with almost two minutes remaining in the third stanza and scored six

points in 12 seconds to cut a 12-point Antioch lead to six.

This sectional contest was an up-and-down affair, as there were several emotional turning points for each squad throughout the entire game.

The Blue Streaks led by three after the first quarter, but Antioch came back in the second period to outscore them 24-11 and take a 41-31 lead into the locker room at the half.

The Sequoits, who finished at 18-10 overall, were in control for most of the third quarter also, but the full-court press let the Blue Streaks creep within six at 56-50 going into the fourth quarter.

Woodstock then had control of the game and could have won it in the waning seconds of regulation, but Charlie Grover, who scored 15 points for the Blue

Streaks, missed a jumper and fouled Antioch's Rick Reitmayer with two seconds left in the game.

Reitmayer could have been the hero, but he missed the free throw and sent the game into overtime with a tie at 69.

Each team scored eight points in the first overtime and four points in the second extra period, but the Blue Streaks got the best of the

Sequoits in the third extra period, outscoring them 11-8 to win by three.

Antioch's Grindley was joined by teammates Don Gunther (20), Matt Weber (12) and Don Kiesgen (10) in the double-digit scoring column.

Woodstock's Dan Hill ended up with a team-high 35 points to lead the Blue Streaks.

## Antioch Ends Season For Grayslake Girls

Grayslake's girls basketball team had its season end in a humble manner as Antioch used superior height and defense to post a first-round regional victory.

The Rams lost 79-44 because of a 28-6 Antioch spread in the second quarter.

Grayslake trailed 18-10 in the opener of the Round

Lake Regional March 2 and trimmed the lead to 16-14 in the early minutes of the second period.

But then the Sequoits went on a rampage, outscoring the Rams 24-0 for a 42-12 lead. Antioch led 46-16 at halftime.

The third quarter was somewhat closer with Antioch winning 17-12 as Antioch rested its starters.

Grayslake tied the meaningless fourth quarter 16-16.

Shannon Gooch led Antioch with 18 points and Denise Maple had 14.

Lisa Coxon led Grayslake with 15 points and Lisa Richardson had 10.

The Rams, who finish 7-16 on the year, were coming off a strong showing in the regular season finale.

## Girls' Season Ends With Overtime Loss

by STEVE PETERSON

Basketball is generally known as a game for the tall and strong.

But for 32 minutes of the Zion-Benton girls basketball regional championship March 6, a small, defensive-minded squad gave a taller, more experienced team all it could handle.

In the end though, Warren's girls team's weaknesses - lack of height and rebounding - ended the Blue Devils' season. With the 73-69 overtime win, Waukegan West advanced to the Waukegan East sectional this week.

"I'm really proud of the way the kids played," Warren coach Bruce Campbell said afterwards. "They had us four or five inches at every position and we played excellent throughout the

game. We just did not have it in the overtime."

Foul trouble and turnovers plagued Warren, which finished at 17-8. The Blue Devils finished the game with top rebounders Kathy Connell and Lisa Gowe on the bench after having fouled out.

Still, the Blue Devils could have won this game in regulation.

Terry Ingalls, who led Warren with 21 points, canned one of two free throws for a 59-46 lead with 1:45 left. West then outscored Warren 4-1 the rest of the way to force the overtime.

Connell fouled out with just under 40 seconds left. West's Shelia Richardson then put home a miss to tie the game at 60-60.

The Blue Devils got the ball with 35 seconds left and worked the clock down to five. But West trapped Tiffany Holmes in the corner and forced a five-second call, giving the Raiders the ball.

Although West's Jenny Marker missed a buzzer beater, sending the game into overtime favored the Raiders because of their superior rebounding.

West easily won the tip to start the overtime and Lori Nacius, who led all scorers with 21 points, scored on an outside jumper for a 62-60 lead.

The two teams then exchanged two field goals before a Richardson free throw gave the Raiders a 65-64 margin.

Warren's Crystal Cobb, who scored 18 points, gave

Warren its only lead in overtime at 66-65 with 1:30 left.

A bucket by Tamara Wilson and two Nacius free throws gave West a 69-65 lead with 40 seconds left.

Wendy Christina, who had 15 points, brought Warren to within one at 69-68. Nacius' two free throws with 14 seconds left made it 71-68.

The Blue Devils had a chance to come to within one but Christina missed the second of two free throws with seven ticks left.

Warren had a good chance to take a substantial lead in the first half.

Using a tight zone defense, the Blue Devils prevented West from using its inside game by deflecting passes before they could be turned into easy baskets.

"We played at our tempo. We knew if they could lob the ball inside, they would annihilate us. We're a small team - we really do not have a true center. We knew we would have to be more aggressive on defense," Campbell said.

Warren's biggest lead in the first half came at 33-26 with 47 seconds left after an Ingalls hoop.

But West scored five straight points, trimming the margin to 33-31 at halftime.

"That was a big thing - them cutting the lead from seven to two points right before the half," Campbell said.

Warren was plagued by turnovers in the first half as the Blue Devils committed seven each quarter. Warren led 14-13 after one.

## Agencies Receive \$11,000

Five Lakeland area agencies which serve the handicapped, were among 12 in Lake County which received cash donations totalling more than \$11,000 from the Lake County Marathon.

The Lakeland area recipient agencies are: Laremont School, 18182 Gages Lake Rd. in Gages Lake; Allendale Schools in Lake Villa.

Also, in Mundelein the following: Glenkirk Circle, 26719 N. Owens; North Eastern Illinois Special Recreation Assn., 200 W. Maple; and Riverside Foundation, 14588 Hwy. 22.

merchandise is arriving in the golf shop daily and the brand new fleet of E-Z-Go golf carts is waiting to go.

Regular resident-single and family rates have been lowered for the 1986 season. Single rates dropped from \$300 to \$270, while family rates dropped from \$450 to \$405.

### WHS Girls Track

With spring almost here, it's time to start thinking about girls' track. Last year, WHS had its best season ever. The girls went undefeated in conference and set three new school records on their way to becoming the conference champions.

Four girls qualified for the state meet at E.I.U.

With 16 events in a track meet, there is plenty of room for all newcomers. There is no bench in girls' track so everyone plays.

## CUB Announces Proposal To Cut Bills By \$2 Billion

Legislation proposed by the citizens Utility Board (CUB) could save Illinois ratepayers up to \$2.6 billion in 1987 alone by preventing utilities from charging customers for the cost of uneeded power plants.

CUB, a 170,000-member

statewide utility watchdog group, has announced that it will seek changes in the state's Public Utilities Act, the law that governs utility regulation.

"The decisions made by the legislature and the Illinois Commerce Com-

mission (ICC) in the coming months will affect utility rates for years to come," Susan Stewart, executive director of CUB, said. "If the legislature is concerned about escalating utility rates, now is the time to act."

CUB's legislation would require the ICC to prevent utilities from charging ratepayers for costs associated with power plants that provide excess generating capacity.

CUB estimates the legislation could save the typical residential Commonwealth Edison customer up to \$131 a year.

The bulk of savings in 1987 would result by excluding from rates the costs of Commonwealth Edison's Braidwood plant and Illinois Power's Clinton plant, both currently under construction. Both of those plants will create significant excess capacity.

"If legislators are serious about controlling rising utility rates, supporting this bill is the single most important step they can take," Nesch said.

## Home Buyers' Income Rising Dramatically

With the number of two-income families on the rise, the combined family income of those buying homes has increased dramatically in the current housing cycle, reports Chicago Title Insurance Co. in its 10th annual survey of recent home buyers.

The company, a leading insurer of property titles, surveyed buyers in 11 representative metropolitan housing markets last year. It found that 78 percent of all buyers in metropolitan areas earned \$30,000 or more last year, and more than half had a combined family income of \$41,000 or more.

About one of every four families had a combined income of more than \$61,000.

"Among home buyers, rising income directly relates to the growing number of families with two wage earners," said John Pfister, vice president and director of market research for Chicago Title.

Last year, 76.3 percent of all home buyers were married couples. Among these, three of every four families had two wage earners. In 92.6 percent of these families, both partners were employed full time, he observes.

In 1982, less than 50 percent of repeat home buyers

were two-income families. Today, that figure has risen to 72.2 percent. Over the same time period, the percentage of first-time median home prices based on family income. The median price is a mid-point with an equal number of homes priced above and below it.

For those with a combined income under \$30,000, the median home price last year was \$75,970. It rose to \$83,580 for those in the \$31,000-to-\$40,000 income range; to \$84,550 for those earning between \$41,000 and \$50,000; to \$113,070 for those in the \$51,000-to-\$60,000 income range; and to \$139,710 for those earning more than \$61,000.

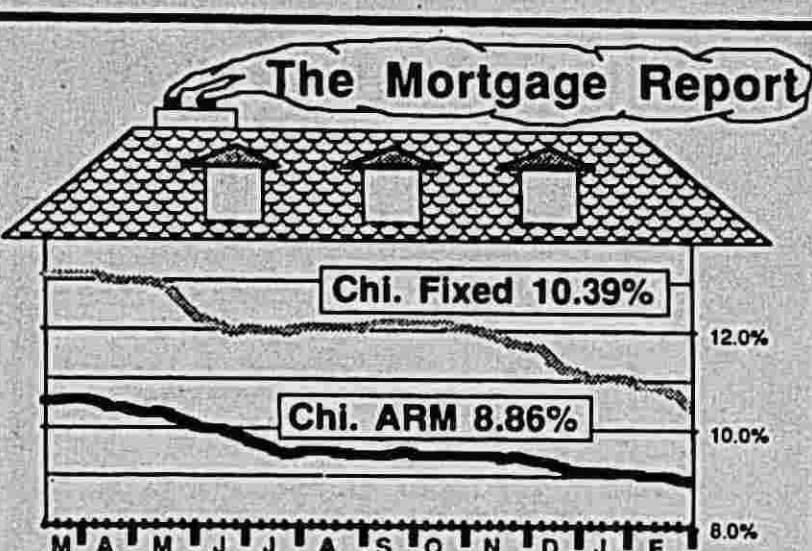

Chicago Title reports that, among married couples buying for the first time last year, the largest group had a combined income of between \$31,000 and \$40,000. What may be more significant, however, is the large number of buyers in this

category--46.3 percent of the sample--whose incomes exceeded this range, while only 17.2 percent of married first-time buyers earned less than \$31,000.

In the company's sample, 36.5 percent of all married couples buying for the first time had a combined income of between \$31,000 and \$40,000; 20.9 percent earned between \$41,000 and \$50,000; 13.6 percent earned between \$51,000 and \$60,000; and 11.8 percent earned \$61,000 or more. Fewer than 20 percent earned less than \$30,000.

Among repeat buyers, 42.4 percent earned \$61,000 or more; 16.2 percent were in the \$51,000 to \$60,000 range; 14.4 percent earned between \$41,000 and \$50,000; and 19.8 percent earned between \$31,000 and \$40,000.

Pfister says the impact of two family incomes is dramatically apparent when compared with the incomes of married couples buying homes last year.

March 5, 1986

Nationwide, the average interest rate on 30-year fixed-rate mortgages dropped to 10.54 percent from 10.73 percent. Adjustable mortgages moved down to 9.31 percent from 9.34 percent last week. In Chicago, 30-year fixed-rate mortgages fell to 10.39 percent from 10.65 percent. Adjustable mortgages dropped to 8.86 percent from 8.93 percent.

 LAKE COUNTY CLERK

Illinois law requires that the names of the candidates for all state-wide offices be rotated on the ballot according to Legislative District; thus, the name which leads the others on the Democratic and Republican Ballot Pages may be different in the 4 Legislative Districts. Any benefit which may accrue to the first ballot position is distributed equally among the candidates.

## Election-judge duties and training

**ELECTION JUDGES** oversee procedures in polling places. They assure that the election process is fair and lawful.

Election judges must:

- Be citizens of the United States.
- Be of good repute and character.
- Speak, read and write the English language.
- Be of good understanding, and capable to perform duties.
- Not be a candidate for any office in the election and not be a party committeeman.
- Reside in and be entitled to vote in the precinct where serving as judge. In each precinct one judge of each party may be appointed from outside the precinct but from within the county. All judges must be voters in the county.

In national, state, county, township and municipal elections, election judges are selected by the county board or, if appropriate, the board of election commissioners, from lists furnished by the chairmen of the county central committees of the two leading political parties. Each polling place has three judges from one party and two from another.

**IN PRECINCTS** under the jurisdiction of the county, the party that cast the greatest number of votes for governor in the preceding election in that precinct is represented by three judges; the party that cast the second-highest number is represented by two judges.

In precincts under the jurisdiction of boards of election commissioners, majority

representation alternates between the two leading political parties.

After election judges are selected, a report is filed in Circuit Court and the court is asked to confirm and appoint them.

**IN EACH PRECINCT**, at least one judge from each party must be certified as having completed a training course and examination for election judges within the preceding six months.

This course covers the duties and responsibilities of election judges. It comprises at least four hours of instruction and examinations that test reading skills, ability to add, and knowledge of election laws governing polling places.

Election judges:

- Open and close the polls.
- Are responsible for all election materials.
- Ensure that only qualified voters are permitted to vote and that each qualified voter is permitted to vote only once.
- Instruct voters in the method of voting, if requested.
- Assist illiterate and physically disabled voters.
- Maintain order in the polling place.
- Tally votes after the polls are closed and certify the election results.

Persons wishing to become election judges should contact the chairman of their political party, their county clerk or their board of election commissioners.

## Questions most asked about Voting!

### Q. - DOES A SINGLE VOTE MATTER?

Elections have been decided by a single vote. Politicians measure how much the people of a community care what happens by how many vote. If you don't vote, you let someone else decide how you will be governed.

### Q. - DO I HAVE TO VOTE EVERYTHING ON THE BALLOT?

No.

### Q. - DOES MY EMPLOYER HAVE TO GIVE ME TIME OFF TO VOTE?

Yes, under Illinois law. But you must arrange a convenient time in advance. Your employer is not obliged to pay you for the time off.

### Q. - DO I HAVE TO TAKE IDENTIFICATION WITH ME TO VOTE?

No, but if you have your voter identification card with you, you can check to be sure you are in the right polling place.

Located in the former Sears mansion just west of Rte. 45, the Country Squire offers dining found in larger gourmet restaurants around the world. Regular customers travel from as far away as Chicago and Milwaukee to enjoy dinner at the Country Squire.

Among the more popular features at the Country Squire are the "Early Evening Entrees." Served from 3:00 p.m. to 6:00 p.m. these are selected items from the regular dinner menu that are designed to accommodate diners who have other plans for their evening. Although they are offered at a reduced price, customers still get the full 7 courses that are the hallmark of all the dinner offerings at the Country Squire.

According to owners Bill and Kris Govas, the careful preparation and excellent service of each meal that comes out of the kitchen is what has made the Country Squire such a popular restaurant.

Dinner begins with an appetizer which is followed by the salad. After the diners palates have been suitably prepared, the main course arrives; consisting of the entree, vegetable, and potato. The meal is topped off with dessert and beverage. All of this is served in a quiet, country atmosphere surrounded by beautifully manicured grounds.

Beginning the 1st of May, the Country Squire will add a new dimension to their fine history of culinary expertise. The eagerly anticipated new banquet hall will be complete and open for parties. Seating up to 450 people, the Country Squire may soon become the banquet center of Lake County, as well as one of its finest restaurants.

## Easter Bonnet Returns Or So Designers Say!

by GLORIA DAVIS

What will the well-dressed family be wearing on Easter Sunday 1986? Let's start with milady in the old Easter Bonnet tradition.

For the last five years, the fashion moguls have been heralding the return of the hat, ever since back-combed hair went out. The stores have been full of hats, the fashion magazines have been featuring the latest in female chapeaus and every fashion-minded woman knows that a complete outfit has to be topped with the latest in matching head-gear.

Yet, except in the interest of warming freezing ears, where and when does one see women wearing hats?

Outside of specific metropolitan areas, a woman sporting a hat is a seldom-seen sight, and therefore a very noticeable and admittedly attractive one.

Yet most women over 30 vociferously claim that they "just love hats." It could be because, unless one intends to keep the hat on until they return to the sanctity of their bedroom, they know their hairdo will be a victim of "the licked cat look," if they're not wearing a close to the head cut.

But according to those in the fashion know, hats are everywhere for spring, regular sailors, French sailors, broad-brimmed fedoras, berets, oversized pillboxes and even romantic picture hats are shown with the popular long flowing printed silk dresses.

Suits are remaining among madame's favorites, with the oversize jackets (even the pastel paisley prints carried over from winter) still leading the fashion pack. Jackets of all cuts and lengths are filling the clothing store racks.

There are fitted waist-length jackets, long square boleros, the traditional eased suit jacket and the large double-breasted toppers, as well as knitted long sweat-shirt

jackets that will head the fashion parade. The three-quarter length topper returns.

These jackets will be worn with straight, pleated and full skirts, as well as over simple dresses. Big cotton knit cardigan jackets over matching straight shifts are being featured.

Besides the usual pastels, bold black and white prints in polka-dots, stripes and oversized checks will be seen everywhere.

Matching stockings and shoes, mostly low-heeled, never over three inches high, will cover the female underpinnings.

Jewelry is getting bigger, bolder and more flamboyant, with large dangling earrings and clunky necklaces the finishing touch.

Suits for his majesty will featured medium lapels with the two-piece suit more popular than the three-piece-vested ones of a few years ago.

In the front of that suit selection will be muted navy, black and charcoal pin-striped ones, with the double-breasted style getting more than a second glance.

Silk ties, in pastels and stripes and more stripes, medium in width, will be his accent touch, sometimes worn with a matching breast-pocket handkerchief.

Cream, white, pink and yellow, as well as jade sportcoats, just like the Easter rainbow, all shown with matching or contrasting pastel shirts and ties are the haberdasher's spring favorite.

Junior's and little missy's outfits will show little change from the ones worn by the parents at their age.

For those impractical enough to buy their young gentleman a little to be worn suit, ones with both long and short pants are available.

Our little princess's dress might have a middy, a natural or a high princess waistline. Topping that pastel apparition will be the traditional straw sailor, sissy or

bonnet. Patent-leather Mary Janes and bowed pumps, worn with matching tights, will complete her ensemble. Missy's shoes might have a slight wedge or a slightly

higher heel than Mom's did.

Even the very natty Easter Bunny should be proud to go hopping down the avenue with this well-groomed bunch.

## **Memories - The Porch** Rte. 83, Trevor (414) 862-6997

Memories, the result of remodeling one of Salem Twp.'s Teen Bars, Rocket North, is in phase two now that The Porch Restaurant has been opened.

The decor is a fine example of New England ambiance, complete with antique tables and chairs set upon highly polished hardwood floors.

The unusual accents scattered throughout the restaurant account for over 350 antique pieces from owner Gil Meisgeier's family's private collection.

The Trevor restaurant, right on Rte. 83, seats 65 people and is open for both lunch and dinner six days a week (closed Tuesdays), from 11:30 a.m. to 10:30 weekdays and Sundays, and open until 11:30 p.m. on Saturdays.

Meisgeier is also proud of his chef, Ted Ironside, who comes to Wisconsin from the kitchens of the Marriott Lincolnshire, Deerpath Inn, Lake Forest and the Americana hotel chain.

Cooking culinary delights that are prepared entirely in his own kitchen is one of Ironside's specialties. The result being succulent dishes like Shrimp Royale, a half pound of large shrimp broiled New Orleans style in a butter sauce and served in the shell, or Walleyed Pike served with a pecan lemon butter sauce.

The Porch's homemade lasagna is still leading the list of menu best sellers.

The unusual sandwich menu, all served with fat steak fries, and fresh "veggies," served with a garlic dip for an appetizer, are other popular house specialties.

The Porch's menu also features a special steak cut each week.

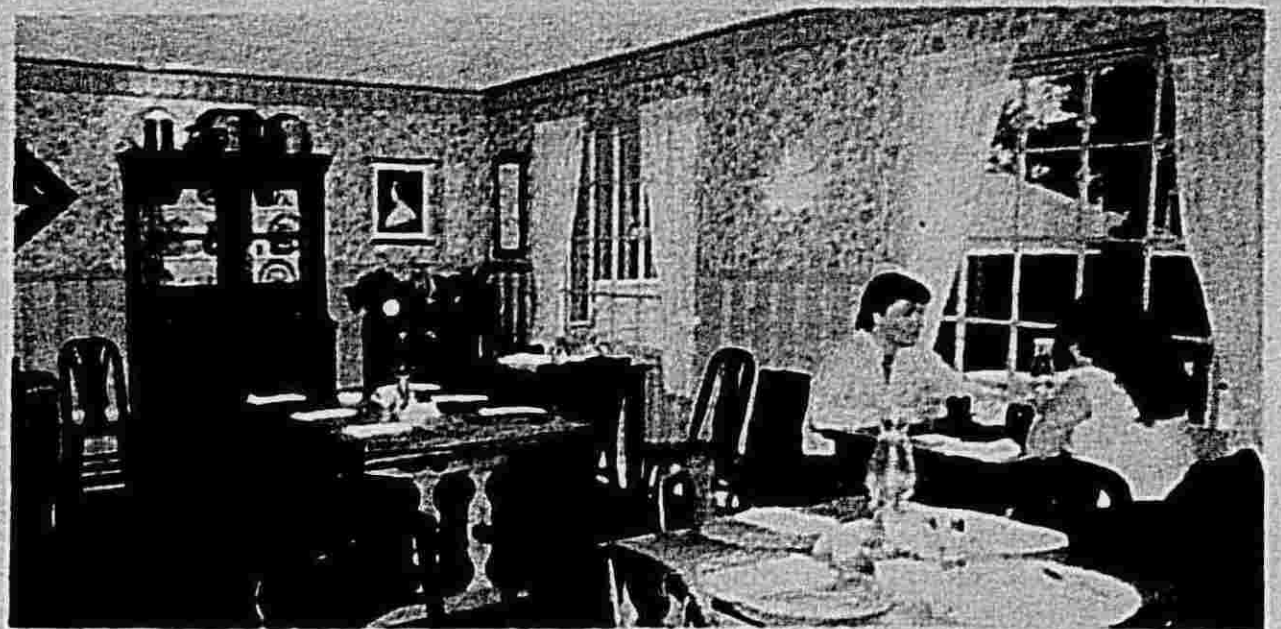

Another delight for diners at The Porch to visit, either before or after dinner, is Memories Nightclub right on the premises.

Meisgeier's two sons, Mark and Chris, and his wife Rita, all worked on the unusual decor to be found there, ranging from a complete restored fire engine that houses the veejay-deejay and equipment, to a reproduction of an old time train depot.

Again the ceiling and walls are filled with interesting memorabilia. Vignettes of the 1950's and 60's are prominent even to the lipsync troupe that mouths and moves to music of that era every weekend.

Memories also features tableside and dancefloor magic, a large bandshell and the area's largest video screen, nine feet by 12 feet, besides a myriad of smaller tv monitors scattered through the bar.

Having a private drink in a train booth is a favorite pastime at Memories, an area spa that, though geared to the tastes of mature adults, still draws some of the young singles crowd.

## **Crossroads** Rtes 176, 83, & 60, Ivanhoe, Ill. (312) 949-9000

Crossroads, a new restaurant on the northwest corner of rtes. 83, 60, and 176 in Ivanhoe is a promising new entry to the Lakeland dining scene.

Crossroads is tastefully decorated with frosted, beveled glass; brass-inlaid ceiling fans with soft, frosted lamps, and a beautiful hard-wood floor. The decor reflects the sort of understated elegance that might come straight out of an F. Scott Fitzgerald story.

Open for lunch and dinner Tuesday through Sunday, Crossroads features aged, prime beef that is cut on the premises and the freshest of seafood - live Maine Lobster and genuine Bay Scallops.

Chef Ed Beese, who comes from the Beverly Hills Cafe in Chicago, also is offering many delicately prepared gourmet items that are hard to come by in this area. "We use only top quality ingredients," Chef Beese said, "and can specially prepare almost any dish a customer wants. Just give us a little advance notice if it is not on the menu."

Owned by John Boes, Sr. and his three sons, Tim, Bob, and Jack, Crossroads is a family affair. The family also owns Emils Tavern in downtown Mundelein. Tim Boes said that the idea behind the restaurant is, "to give our patrons the sort of top quality and variety that they can't get without going out of the area. We also wanted to provide a soothing, elegant atmosphere and a price range that would be equally soothing." Prices range from \$3.95 - \$7.50 at lunch and between \$7.95 - \$18.95 for dinner.

Cocktails are available at the cozy bar and patrons are encouraged to call for information about luncheon parties and meetings.

## Church Aid Give Refugee Family Road To New Life

Sroy Lim and his family had only one day notice to pack up their belongings before they left a crowded refugee camp in Thailand and headed for the United States. Their possessions filled a small carton the size of a shoebox.

"They could only take so much and left possessions such as clothing for other refugees in the camp," said Lake Villa resident Lea Carlsen, a sponsor for another Cambodian refugee family who has just arrived in the U.S.

When the Lims arrived in Lake County last year, members of Messiah Lutheran Church in Wauconda were not only at the airport to greet them, but were prepared to provide food, clothing, medical supplies and housing.

One of the most startling changes the Lim family had to adapt to, said co-sponsor Sherry Franzen, was the difference in climate. "In their own country, the climate was tropical. They had never seen snow before and didn't have any warm clothing," said Franzen, a Messiah Lutheran parishioner.

An outgoing individual, Sroy now laughs about the weather and jokes about the weather being "chilly" when it is 30 degrees. Aside from other major adjustments such as food, Sroy and Savong Lim and their four children are living comfortably in Fox Lake home. Sroy has a full-time job and spends time after work learning English along with his family. In addition to the food and aid offered by the Messiah Lutheran parish, the Lims have established many friendships with the church sponsors.

"Although it's still a big struggle for them, it's so much better than what they had before," Franzen said.

Like many other Cambodians, Sroy was forced to give up his rice farm in his home town of Kom Pon Chhnang and work in a labor camp following the 1975 takeover by the Cambodian communists, the Khmer Rouge.

The takeover not only uprooted hundreds of thousands from their homes, but left some three million dead or near starvation. After a second invasion by the Vietnamese communists in 1979, many Cambodians were able to escape, seeking refuge in Thailand.

Sroy and his family left behind other friends and family members and walked some 150 miles on foot for three months before they arrived at the crowded Kao-I-Dang camp in Thailand.

"When you leave Cambodia, there's no going back," Carlsen said. "It's a dead end existence."

Today, Sroy's family is on the road to a new life. His four children attend Grant High School and Shady Lane, where they are learning English.

## Colonial Dining

### Glenna's Brass Ball Restaurant

Hwy. 50-83-25, Paddock Lake

(414) 843-3440

Glenna's Brass Ball Restaurant, located on Brass Ball Corners in Paddock Lake, celebrated its second year anniversary March 1.

It offers a full menu, with breakfast, lunch and dinner specials daily, along with homemade soup.

The colonial-looking dining room is open seven days a week (opening at 8 a.m.), with a piano bar on five of those days.

The building is located in a historic site. It was the original wagon stop when Hwy. 50 was constructed of wood planks.

The brass ball still hangs over the intersection and the original one is in the historical society.

Brass Ball Corners has existed since 1842 and it was on the original stage coach route to Lake Geneva.

Specialties include Steak Sicilian made with tomatoes, mushrooms and green peppers. On Friday nights, the Brass Ball offers an "all-you-can-eat" fish fry for \$4.95 and prime rib is available on the weekends.

## English Pub Style

Alice Krueger gets ready for the 4 p.m. rush in the bar of the Red Geranium style after an English pub. The restaurant, located in an old home on Hwy. 50, east of Lake Geneva, features special luncheon-fashion shows on Thursdays.

### The Red Geranium

Hwy. 50, west of Hwy. 12, Lake Geneva, Wis.  
(414) 248-8304

Whether its fresh seafood or hearty steaks you're after, the Red Geranium restaurant near Lake Geneva is sure to please even the most discerning palates. With the variety of daily specials and the masterful creations invented by the Geranium's three chefs, it's no wonder customers keep coming back.

In its first year, the family-owned restaurant credits much of its success to the good food and the cozy, homelike atmosphere it exudes.

"We wanted people to feel as if they were coming into our home to have dinner," said Mark Swatek, who co-owns the restaurant with his wife Phoebe and parents Lyle and Audrey Swatek.

What better way to convey that impression than to locate the restaurant in an old home? For the Swatek family, the restaurant is like a dream come true. "We always wanted to take an old home and transform it into a restaurant," he said.

The house, located on Hwy. 50 just west of Hwy. 12, carries out the warm, friendly atmosphere using none other than geranium wallpaper throughout each of the four dining areas with no two floral designs alike.

As they enter the front door, patrons are pleasantly greeted by one of the Geranium's chefs preparing food over an open hearth. According to restaurant manager Martha Phelps, daily luncheon fare includes one or two special soups, and a menu that ranges from chicken mornay to beef brochette and pork tenderloin.

Seafood lovers have their choice of Coquille St. Jacques, broiled scallops, salmon or lobsters from the steamer and broiler. The luncheon menu ranges in price from \$3.50 to \$5.95. Prices for dinner run between \$6.95 to \$19.95. The bar, reminiscent of an English pub, is just one of the many other popular features of this restaurant.

Special holidays themes add a touch of festivity to the Red Geranium. During January and February, Friday evenings become Mardi Gras Night with special Cajun-New Orleans style cooking. For Easter, Phelps said, a brunch will be served with specialties of pork loin and leg of lamb. Reservations are suggested.

To round out the good food and service the restaurant has to offer weekly fashion shows on Thursdays that highlight local clothiers and style shops. Upcoming shows will afford a peak at jewelry fashions in the "Dynasty Collection" by Our Special Secret jewelers of Lake Geneva on March 27. "The jewelry is fashioned after the pieces used in the 'Dynasty' television series," Swatek said.

Fashions by Julia's of Delavin will be featured on March 20.

## Parade, Fashion Sparked Easter Fetes Of 1920s

Dressing in your "Easter Best" meant more than just going to church at one time.

According to copies on file of the Antioch News, Easter Sunday was truly a civic event.

Besides a parade, wealthy and the common folk alike came out to see and be seen in the 1920s and early 1930s.

"Short, very short skirts ruled the day with marine blue frocks one-half way hidden. But dame fashion did not smile much," the "Of Interest To Women" column of April 4, 1929, said.

That column was perhaps more historically important than others. Just a few months later, the Stock Market hit the skids, signaling the end of the "Roaring '20s" and the start of the Great Depression.

The "Of Interest To Women" edition did not play favorites.

"It was a great day for the female and male of the species. Silk toppers of height and vintage, others that had been under the oven too often bobbed up and down the place as wearers carried their walking sticks," the columnist wrote.

Men's fashions included coats and striped trousers as "regulation". "But all the attention of society photographers are the 'regulation' striped trousers," the column reported.

After church services, all of Antioch would gather in a park.

"Great throngs were in the street. At St. Thomas' Church, where the very wealthy worshiped, crowds gathered for a peak at (Continued on Page 1D)

According to the edition of the News, ad-

vertisers got into their act as well.

Three years later, there was no mention of a parade or great crowds celebrating Easter. The columnist, instead, devoted the Easter column to recipes.

### Relaxed Atmosphere

The owners of Struggle's in Antioch like to emphasize the fact that they have geared their restaurant to family dining and have tried to decorate their restaurant in a way that reflects a relaxed, casual atmosphere. The restaurant sports a turn of the century decor that features signs from old Antioch businesses.

### Struggle's Rte. 39 and 173, Antioch 393-9400

For the past two and a half years Randy Miller, the owner of Struggle's in Antioch has served excellent food in a casual, family style atmosphere that has been the pride of the Antioch area.

With the help of his business partners, Bob and Leta Wilton, Miller built the restaurant from scratch. The restaurant has a sort of turn-of-the-century decor that includes signs from old Antioch businesses.

The restaurant serves up a wide variety of breakfast, lunch and dinner entrees but Miller said that their specialty is barbequed ribs. The restaurant also has a daily \$1.99 breakfast special as well as a special all-you-can-eat breakfast buffet on Sunday. Adults pay \$4.95 and kids pay \$2.50 for this buffet which features just about every kind of breakfast food one can imagine. The restaurant also has daily luncheon specials and a 4-7 p.m. happy hour complete with appetizers.

Elly Eckelberg is the head cook for Struggle's while Clint Barnett is the soup and sauce man.

The restaurant is open daily from 7-2 a.m. with the exception of Sundays when it closes at midnight.

## Area Churches Observe Easter In Different Ways

by CHRIS SPECHT

As the March 30 Easter Holiday draws near, various churches in the area are now planning their activities for the Easter celebration. As can be expected, there are as many ways to celebrate Easter as there are churches. Some churches have elaborate ceremonies while others hardly deviate from their regular services on the day that celebrates the resurrection of Christ.

The St. Ignatius of Antioch Episcopal Church has one of the more elaborate celebrations in their "Great Easter Vigil" which will be presided over by the Rev. Vincent Eckholm, the Rector of the church.

The vigil begins with the church in total darkness, symbolizing a world without redemption. A candle is then lit symbolizing the light of Christ. A procession

then makes its way to the front of the church while hundreds of candles held in the hands of congregation members are lit. Then the Exultet, the Easter proclamation, is chanted. This prayer, which Father Eckholm describes as one of the most beautiful of the church, recalls the salvation brought through the death and resurrection of Christ.

Father Eckholm then reads lessons from the Scriptures that relate to Easter and the reason behind Christ's resurrection.

After the reading there is the solemn renewal of Baptismal vows. Father Eckholm said that this is the most serious part of the ceremony because the congregation reaffirms their faith in Christ crucified and proclaim His resurrection in their lives.

The first Eucharist of Easter is then

given by Father Eckholm. Recipients are greeted by Father Eckholm who proclaims "Alleluia! Christ is Risen!" The organ, which is silent from Maundy Thursday until Easter resounds as the congregation sings Gloria in Excelsis. Bells are rung and all the lights in the church are turned on in joyous celebration of Easter.

The Ingleside Methodist Church will celebrate Easter by getting together with other churches in Greenwood for a "Seder Supper." The church holds the supper with other churches from Greenwood, Mt. Hope, Ringwood, and Spring Grove.

The Seder Supper combines the Christian "Lords Supper" which celebrates Holy Week and the Judeo "Cedar Supper" that celebrates Passover. The supper is a symbolic meal that involves symbolic manifestations in such foods as lamb, horse raddish, and the usual bread and wine, or in this case grape juice.

The supper will be held at 6:30 p.m. on March 20, Maundy Thursday, at the Greenwood Church located at 4605 Greenwood Rd.

The Calvary Presbyterian Church will celebrate with a "Junior Choir Festival of Music" which will begin at 7:30 a.m. followed by a continental breakfast at 8:30 a.m. The day will then continue with the churches regular services.

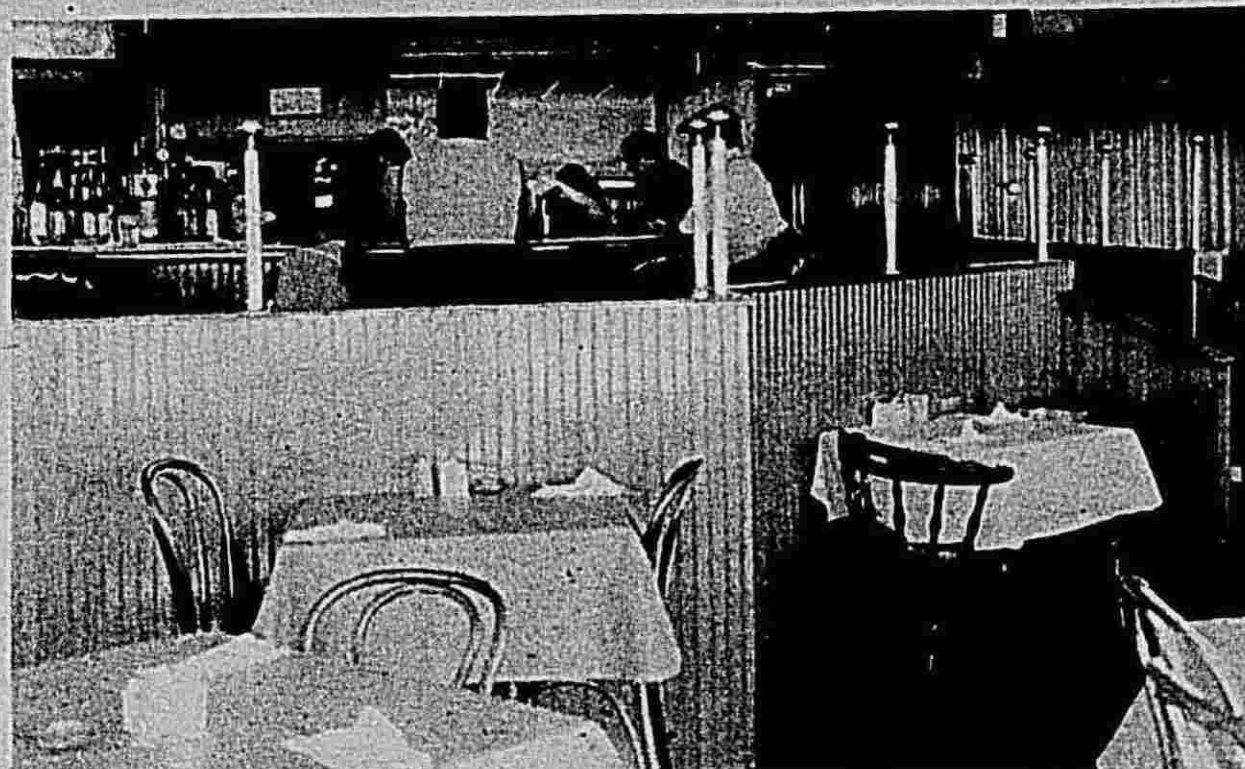

There are some churches in the area who do not do anything special on Easter Sunday. The First Church of Christ, Scientists, of Antioch, say that one of the basic tenants of their religion is to commemorate the resurrection of Christ all through the year. The services of the church are in the form of lessons which come

from the main church in Massachusetts and are the same in all of their churches worldwide.

Church member Earl Beese said that the lesson on Easter Sunday usually carries the Easter story of the crucifixion and resurrection of Christ.

Gary Coles of the Church of Christ in Round Lake said that his church celebrates the resurrection of Christ on a weekly basis and because of this their Easter Sunday service is no different than their other services through out the year. Coles said that the non-denominational group looks for biblical evidence to support all of their activities. According to Coles, there is nothing in the bible about the celebration of Easter, and that it was not celebrated as a special day until the second century.

Despite the differences in the way Easter is celebrated, all of the above churches are to be commended for sharing a commitment to the worship of Christ in their own special way.

### New Quarters For R. J.'s

According to owner Robin Brankey, despite the autumn move of his well-known restaurant, R. J.'s Eatery, from its long-time location in Linden Plaza to the attractive new larger location across Grand Ave. in Lindenhurst, the restaurant is still jammed from wall to wall, especially on weekends.

Brankey attributes his restaurant's popularity to his quality pizzas, the warm but not overdone streamlined turn-of-the-century atmosphere and R. J.'s famous service.

The diningroom has doubled in size and the seating is up 50 percent. The view of scenic Sand Lake, available to those sitting around the bar, is an extra added attraction to be found at the new R. J.'s.

Besides the "best pizza in town," R. J.'s menu offers 40 kinds of sandwiches and many succulent dinners, all at reasonable prices.

It's those reasonable prices, besides the video game room that makes R. J.'s a favorite eating spot of area families.

R. J.'s diningroom is open seven days a week, from 11 a.m. to midnight weekdays and until 1 a.m. on Fridays and Saturdays. The bar is open until 2 a.m. on weekdays and 3 a.m. on weekends.

## Poor Richard's

The staff of Poor Richard's Pub and Eatery, Gurnee, poses proudly next to an Hawaiian display. Poor Richards offers a unique atmosphere with a new theme about twice a month. Richard Diesterheft, center, is the proprietor.

**Poor Richard's Pub and Eatery**  
4610 Grand Ave., Gurnee  
312-462-9371

If you're tired of the same old restaurant atmosphere, Poor Richard's Pub and Eatery in Gurnee may just be the place for you.

According to president Richard Diesterheft, the restaurant changes its atmosphere regularly.

The establishment has just completed an Hawaiian week theme and next week will feature St. Patrick's Day.

Free corn beef, cabbage and potatoes will be offered along with free Irish hats and noisemakers, green and white carnations, prizes and green champagne at midnight March 17. Contests include most attractive green socks, ugliest green tie and an "Irish Pot of Gold".

Poor Richard's Pub and Eatery is open for lunch 11 a.m. to 2:30 p.m. The bar closes at 2 a.m. weekdays and 3 a.m. on Friday and Saturday.

The restaurant features unique wood tables and fixtures, some as much as 200 years old.

Poor Richard's is planning an anniversary celebration and a reunion for the Class of 1976 at Waukegan West.

**The Grand Hotel**  
110 S. Main St., Wauconda  
(312) 526-5582

The Grand Hotel, located at 110 S. Main St. in Wauconda, is offering weekend diners an irresistible package: a fine meal and professional, live theatre.

"The Owl and the Pussycat" has just finished a spectacular 2-month run at the Grand. Every weekend performance was a sellout. The Grand Hotel is following up this auspicious beginning by opening with a new play entitled, "Subject to Change" beginning the evening of March 21.

Owned by John Ullrich, the Grand Hotel is open for lunch and dinner. It specializes in food prepared in the grand, American tradition: juicy steaks, meaty chops, and fresh seafood. At lunch one can get the best American and ethnic sandwiches and relax in the comfort of a fine restaurant.

Decorated in the style of an old-time country inn, the Grand Hotel carries a little history of its own. Back before the turn of the century, it was an overnight stage stop on the Chicago-Lake Geneva route. On July 3, 1884, Maude Simpson checked in at the Grand. She was never seen again, neither checking out the next day nor reboarding the coach. Imaginative folks in years since have claimed to see her apparition at the long bar or in the old ballroom (which is now the theatre). Her appearance is always accompanied by the faint scent of tea roses - her favorite perfume.

To get a fine dinner, professional theatre, a little history, and perhaps a ghostly partner for the evening, be sure to make your reservation for an evening at the Grand Hotel.

**Pogy's Family-Owned Restaurant**  
901 Lakehurst Rd. Waukegan,  
Adjacent to J.C. Penney  
(312) 473-4445

The Poglajen family is still in the process of establishing their new restaurant, which they took over in December. If you're having trouble finding Pogy's, take heed; signs will be going up soon. The building was formerly occupied by Golden Bear Restaurant.

Daily specials are featured between 4 and 8 p.m. Friday's fish fry offers all you can eat deep-fried flounder, fries and coleslaw for \$4.95. Homemade French onion soup is one of Pogy's specialties. Their menu, which will be expanding, now includes eight different dinner entrees and eight sandwiches other than hamburgers, which are one-third pound ground beef patties. Appetizers, salads, and pasta are also featured.

For dessert or take-home, Pogy's has specialty pies, as well as other desserts. Hours are 7 a.m. to 10 p.m. daily.

Try Pogy's Family Restaurant, where the idea is "better quality for moderate prices," in a casual family atmosphere.

## The Landings of Libertyville 1290 S. Milwaukee Ave., Libertyville (312) 362-1290

Among the most elegant restaurants in the Lakeland Area is the Landings of Libertyville, located at 1209 S. Milwaukee Avenue. Uniquely designed, the Landings features six dining rooms. Each of them are decorated in a soft, soothing style and each is a variation upon a theme of contemporary elegance.

It is the food, though, that brings the customers out in droves. The Landings features both Continental and American cuisine. The specialties of the house range from Chateaubriand, Rack of Lamb, Veal, and Duck dishes to fresh fish, homemade pastas, and delicious steaks.

The Landings is not just another restaurant, though: it is also one of the Lakeland Area's premier Banquet facilities. Seating anywhere from 10 to 350 people, the Landings can add a touch of class to your wedding, wedding rehearsal dinner, company party, social affair, or meeting.

After dinner you will want to relax with a cocktail or two in the Landings' warm, cozy cocktail lounge.

Open both for lunch and dinner, the Landings is the perfect place to go for a truly memorable dining experience.

## Bill's Pub Rte. 45 and Diamond Lake Rd., Mundelein (312) 566-6508

If you are tired of spending hours getting ready to go out to an expensive restaurant, then Bill's Pub is the place for you. Offering a plain, old-fashioned, rootin'-tootin', good time, Bill's is located at the junction of Rte. 45 and Diamond Lake Rd. in Mundelein.

Bill's is decorated in the style of a rustic, country lodge. Everywhere you turn there are wild, stuffed animals. The moderate lighting gives one a comfortable feeling as if they had just come in from a long hike in the woods.

Don't think, though, that Bill's is long on atmosphere and short on food quality. Bill's Pub offers what is arguably the best pizza in Lake County. They also offer a full line of fine American and Italian sandwiches.

There are always plenty of peanuts available at Bill's (they make the beers go down easier - or is it the other way around). If you bring the kids, it's no problem. There is a complete game room open all the time in the back corner.

You may want to get together with a few friends in the smaller, cozy side room. Or perhaps you will prefer to sit with the merry crowd around the open-hearth fireplace.

Even if you really do not feel like going out at all, you can still call the carry-out window and enjoy the good food of Bill's at home.

One thing you can count on - for good food and good fun at a price that won't bust your billfold, Bill's Pub in Mundelein is the place to go.

## Recipe For A Traditional St. Pats Day Fiesta

Every year about this time a funny thing happens: People start wearing green hats, and shamrocks on their lapels. Their voices take on a melodious lilt, and they start telling stories to anyone who will listen. You might even spy some carrying shillelaghs.

The reason for this sudden outburst of green is quite simple; on St. Patrick's Day everyone wants to be Irish. Known for their kind heart, quick wit, literary abilities and wonderful gift of gab, the Irish people are the poets, dreamers and storytellers of the world. And in a sense, the American version of St. Patrick's Day is, more than anything else, a tribute to this indomitable Irish spirit.

For, the traditional St. Patrick's Day in Ireland is a very different holiday from what we experience in the United States. The mood is quite somber on St. Patrick's Day in Ireland. There are no parades and certainly no parties, for the Irish are a religious people and this day is viewed as a religious holiday.

Steeped in tradition, the Irish are often said to be 50 years behind the rest of the world. Much of this claim can be attributed to its simple lifestyle, which, in many cases, includes farming. And, although Ireland has started to see some improvement in its economic situation with the influx of new industry, the people still remain very much a part of the old world.

And yet, these are the things we love about the Irish people: A simplicity of life that carries over to everything they do, a suspicion of things that have no past, deep and abiding loyalties, a quick tongue and a kind heart.

The food of Ireland is as traditional as its people. Recipes for Boiled Ham and Cabbage (never corned beef!) and Irish

Stew have been passed down from generation to generation.

St. Patrick's Day is just not St. Patrick's Day without some traditional Irish fare, and the following recipes might be just the thing to inspire in you that unflagging Irish spirit.

The recipes for Baked Salmon and Irish Stew were culled from *Traditional Irish Recipes* (Appletree Press Ltd.) by John Murphy.

### BAKED SALMON

Parsley  
 1/4 lb. butter  
 1 whole salmon  
 1/2 pt. cream  
 Salt & pepper

Clean the salmon & rub with butter. Place in a dish, pour the cream & chopped parsley over it, then season lightly. Cover & bake in a moderate oven (allow ten minutes per lb.) baste a few times.

### IRISH STEW

1 pt. water  
 1 lb. onions  
 2 lb. potatoes  
 2 lb. breast of mutton or gigot chops  
 Salt & pepper

Trim the meat & place in the bottom of a stewing pan, add some sliced potatoes and onion, season with salt and pepper, and add the water. Bring to the boil & simmer for about an hour. Add the remaining sliced potatoes & onions; cover & simmer for a further hour. When cooked, serve on a hot dish with the potatoes & onion surrounding the meat.

Mai Liston's Summer Pudding is taken from *The Country House Cookery Book* (St. Martin's Press) by Christian Hesketh, Elisabeth Luard and Laura Blond.

### MAI LISTON'S SUMMER PUDDING

Serves 6

2 lb loganberries and/or raspberries  
 6 slices crustless white bread  
 1/2 lb (1 cup) sugar

For sauce:

1 lb blackcurrants  
 1/2 lb (1 cup) sugar

Wash the berries thoroughly and put them in a saucepan, with the sugar but no water. Simmer for 15 minutes. Line a soufflé dish with the bread cut into fingers. When the berries are cold, force them through a sieve and pour the resulting purée over the fingers of bread. Put any remaining bread fingers over the top and press a weighted saucer or plate on the top as a lid. Leave in refrigerator overnight.

For the sauce, put the blackcurrants, sugar and 2 cups of water into a saucepan and simmer for 10 minutes. Allow to cool, and pour over the summer pudding when serving. This is delicious with whipped cream.

The recipes for Boiled Ham and Cabbage, and Grandmother MacNeely's Whole-grain Soda Bread were reproduced from *The Irish Heritage Cookbook* (Tribecca Communications, Inc.) by Mercedes McLoughlin and Marian McSpirt.

### BOILED HAM AND CABBAGE

#### INGREDIENTS

1/2 ham (about 6 lbs.)  
 2 cups gingerale or cider  
 1 1/2 quarts of water  
 2 bay leaves  
 4 whole cloves  
 1 medium sliced onion  
 1 medium cabbage

Place the ham in a large pot and cover with gingerale and water. Bring to a boil

and then reduce heat. Simmer for 1 1/2 to 2 hours until tender.

Cut cabbage into 6 pieces. Twenty minutes before ham is cooked place cabbage wedges on top of ham. Cover with lid. Cook until cabbage is just tender (about 20 minutes).

Remove cabbage, drain and keep warm. Let ham cool in the stock for 20 minutes before serving.

To serve: Place sliced ham on a warm platter. Surround with cabbage wedges and boiled potatoes.

## Gather

(Continued from Page 10D)

# YES, YOU CAN!

You may have seen many new satellite earth stations, or "dishes," installed in our area recently and asked yourself, "Are those dishes legal?" Can you have one of those? Well, happily the answer to both questions is YES. In 1984 the U.S. Congress approved new earth stations designed for the reception of satellite broadcasts. Not only are dishes legal to use, they are affordable, too. You can enjoy the freedom and wide variety of satellite television today.

# Yastrow Gets Backing

Gene Craig, Illinois Education Assn. NEA Region 38 chair, has announced that the Lake County Illinois Education Assn. (IEA-NEA) Political Action Committee has endorsed

Sybil Yastrow for education service region superintendent.

"Mrs. Yastrow has demonstrated the experience and expertise to

provide strong educational support to the teachers and school districts in Lake County," said Craig.

"She will be a positive resource person and has indicated that she plans ongoing communications with all segments of the community for the improvement of education programs," he added.

The endorsement followed a screening procedure which included a written questionnaire and in-person interview before IEA leaders made their selection.

# Renewal Sticker Due March 31

New, larger renewal stickers for 1987 must be displayed on passenger car license plates expiring in March by midnight, Monday, March 31, Secretary of State Jim Edgar has announced.

The new stickers, measuring one inch by three inches, are royal blue and should be placed in the designated area at the bottom of the rear plate.

"New stickers are twice the size of the current stickers," Edgar said, "making them easier to read and more identifiable for police officers. In addition, owners of 1.7 million automobiles with plates beginning with the letters N through Z will receive newly designed plates this year, marking the end of the three-year replating program for all 5.6 million cars in Illinois."

Pre-printed renewal applications have been mailed to more than 347,000 owners who renew their stickers in March, and 177,000 owners who will also receive the new passenger car license plates.

It is now too late to send applications by mail and

guarantee delivery of the new plates and/or stickers before the March 31 deadline. However, stickers and plates may be purchased at secretary of state facilities in Springfield and Chicago, and at more than 1,550 financial institutions, including 762 banks, 194 savings and loan associations, 24 credit unions and about 600 Chicago-area currency exchanges.

# County Fair Is Seeking Participants

The Lake County Town and Country Amateur Art Committee is looking for creative individuals to participate in the upcoming 28th Annual Lake County Town and Country Amateur Art Show, sponsored by the University of Illinois Cooperative Extension Service.

The show will be held from April 25 to 27, at the Lake County Fairgrounds, Rtes. 45 and 120, Grayslake. There is a modest fee for entering the show, and winning works advance to regional and state competitions.

Diana Thomas and Ken Plummer, co-chairmen of this year's show say the committee is interested in recruiting youth and adult artists of all kinds—including people whose modesty might usually prevent them from describing themselves as artists—for this year's show.

The show is a good chance for someone who has a flair for art to have an audience for his or her work.

Works entered in this year's show will be judged by John Fleischer, art instructor at Salem Central High School, Paddock Lake. A critique session featuring comments by the judge will be held at 2 p.m. on Saturday, April 16, in the Cafeteria Building of the Fairgrounds.

For entry forms and rules and regulations, please call the Lake County Cooperative Extension Office at (312) 223-8627.

# BUYING A HOME SATELLITE DISH IS COSTLIER THAN YOU THINK.

Before you spend your hard earned money on a satellite receive dish you should learn the facts.

This year popular premium services like HBO and Cinemax will begin scrambling their signals with highly sophisticated electronic encryption devices.

And this new technique won't be

limited to just premium services. Many basic cable channels like ESPN, MTV and CNN have announced their intentions to scramble signals.

**What does this mean for satellite dish owners?**

In addition to paying several thousand dollars for the purchase and installation of a receive dish, it will be necessary

to spend hundreds of dollars on descrambling equipment plus pay monthly service fees for each channel received.

## Regulation Changes Retain Sufficient Lead Supply

Boats, RV's, trailers, vans and campers are motorized travel vehicles, many of which function best on gasoline with lead content. Changes in Environmental Protection regulations have reduced lead content 80 percent from .5 to .1 gram per gallon. It's believed this retains sufficient lead to keep lead oriented engines functional on current fuel supply. It will also reduce air pollution considerably.

This may be a point to discuss with representatives of those land and water vehicles at the five day Mid States Boat, RV, Van and Camping Show at O'Hare Expo Center, which opened March 12 and lasts through March 16.

Illinois skippers rank 12th in the U.S. with 275,470 registered boats. Nationally, we can expect about 14 million boats to be in use during 1986. Sixty million persons will participate in recreational boating this year, while a like number are estimated to have had some camping experience.

The Mid States show will present our most concentrated multi-recreational vehicle display for the balance of the year, offering 100's of land and water vehicles and vessels for inspection. Admission is \$5 for adults and \$2 for those 12 and under. Hours are 3 p.m. to 10 p.m. weekdays, 11 a.m. to 10 p.m. Saturday and 11 a.m. to 6 p.m. Sunday closing.

In Indiana, we stopped at the Auburn-Cord-Duesenberg Museum at Auburn. It's a relatively new museum, exceedingly interesting to most travelers who enjoy historical facts that relate to the ancestry of their vehicles.

The museum building was originally ad-

ministrative headquarters during the manufacturing of Auburn-Cord vehicles. Somewhat ahead of their time in design, the Auburn-Cord vehicles Company closed in 1937 during the depression. But their design

is as good today as in the 20's and 30's.

After 60 years, auto makers still yearn to capture the classic flamboyance which still thrill collectors and viewers. The museum currently opens daily at 9 a.m., changing to 10 a.m. during May to September. Admission is \$4 for adults, \$2.50 for seniors and students, free for children under six. Auburn is on Rte. US-69 midway between Fort Wayne and Angola, IN.

Among the interesting displays was a 1935 Travel Trailer called the Covered Wagon...made in Michigan...with leatherette exterior and canvas roof. It was 17 feet long and 7.5 ft. high. One of the early (51 years ago) hard sided travel trailers.

Inside was a converta-couch sleeper, two

burner stove, ice box, sink and storage...still in fair condition. Covered Wagon was displayed next to a mint condition 1936 Hupmobile...remember that name? Auburn is a good place to spend part of a day next time the Wander-Indiana urge hits. Two hundred and nine thousand visitors did in '85.

Looking at boating may also be done on Kentucky Lake at the Southern Komfort Resort and Marina, where spring temperatures currently offer a 20-30 degree advantage. For those desiring stability afloat,

the level decks of a houseboat or float boat may be the answer. They allow the physically disabled to be comfortable on the water.

From now until April 13, Southern Komfort heated cottages, linens and equipped kitchens are only \$29 a day for 2 persons...a chance for an economical early spring fling get-away.

Write them at Rte. 4, Box 228, Benton, KY., 42025 or phone 502-354-6422. Spring fishing is waiting and boats, bait, restaurant and groceries are on site.

## \$800 Scholarships Available For Travel

Scholarships of up to \$800 that can be applied toward international education and travel programs are available to families who host English speaking high school students who come to the U.S. for a semester or academic year.

This Scholarship program is sponsored by the non-profit American Institute For Foreign Study Scholarship Foundation of Greenwich, CT.

Visiting students coming to the U.S. from Germany, Spain, Japan and other countries stay with "Host Families," attend the local high school and learn about American life and culture. This program, first offered in 1964, is a rewarding opportunity to "share America with the world."

Host family members then earn scholarships applicable to over 100 different international learning programs suitable for junior high, high school, college or adult travelers. Worldwide programs ranging from one week to a full year include

homestays, cruises and campus stays.

The foundation is also seeking local coordinators in communities throughout the nation whose duties will include placing and supervising the students.

## CLC Reveals Study Results

Nearly 60 percent of the classes of 1983 and 1984 responded to a graduate follow-up study conducted by the College of Lake County Office of Institutional Research, according to Director Mike McGuire.

"There was an even parallel between career and transfer recipients so conclusions may be drawn for both years," McGuire said.

The survey found a majority of CLC courses (62 percent for 1984 grads, 52 percent for 1983 grads) transferred to four-year colleges and universities. For those graduates in career programs, 48 percent felt their present job was closely related to their CLC program. The greatest number of those employed (68 percent) were employed within our community college district.

"The results indicate people are successful and do feel positively about the college. Our successful graduates indicate the caliber of our programs," McGuire concluded.

The teaching of critical thinking and communications skills, in particular, were perceived to be strengths of the CLC curricula.

## Rallies Give Corsairs Victories In Tourney

Yogi Bera would have loved it.

The originator of "It Ain't Over Until It's Over" would be proud of the way Carmel's boys basketball team advanced to the Sweet Sixteen for the second straight year.

Of the four tournament games, three featured Carmel rallies, the last two in the fourth quarter.

A look back at how the Corsairs' rallies:

**Carmel 61, Warren 59 OT:** Warren dominated the outset, leading 20-12 after one and 25-16 in the second quarter of the Libertyville regional championship game.

Carmel then began to play strong defense and picked up the tempo on offense in the latter stages of the second quarter. A 11-2 run gave Carmel a 27-25 lead at halftime.

The third quarter was a near standstill as Carmel extended its margin by a point, 41-38, after three.

Rob Graham did his best to give Carmel the win in regulation.

The junior hit a shot with 3:23 left for a 49-44 Carmel lead. With 87 seconds left, Graham canned two free throws for another five-point lead, 53-48.

Pat Kowalski hit an outside jumper that gave Warren a 54-all tie and overtime.

Carmel dominated the rebounding in the extra session, forcing Warren to go for two of the three minutes without scoring.

Rodney Lambright's baseline jumper with 1:39 left and free throw at :45 remaining gave Carmel a 59-56 cushion.

Rod Whittier scored 15 to lead the way while George France had 14, Graham and Lambright 12.

**Carmel 50, Loyola Academy 46**

The Corsairs made 9 of their first 13 shots in the first quarter, enjoying a 18-8 lead after one.

Loyola took advantage of Carmel turnovers to get back into a halftime tie. A 14-8 Loyola run made it 26-26 at intermission in the opening game of the Waukegan East sectional.

"When teams get a big lead in situations like this, they tend to force things. Sectional basketball games are not won in the first half," Carmel coach Frank Belmont said.

Loyola had the hot hand in the third quarter, making 7 of its first 11 shots. The Ramblers lead was just three after three at 38-35. Carmel stayed in the contest because it enjoyed the one-and-bonus free-throw shooting situation.

"I knew us being in the bonus was critical," Belmont said.

Two free throws by Loyola's Gavin Woodward gave the Ramblers a 44-39 lead with 6:17 left.

Carmel's tough defense did not let Loyola score a field goal for another two minutes.

Graham made the front end of a one-and-bonus for Carmel and after the Corsairs got the offensive rebound, he put home a layup to trim Loyola's lead to 44-42 with 5:03 left.

Lambright then came through with the defensive play of the game. Lambright

stole the ball in open court and drove three quarters of the court for a layup that tied the score at 44 with 4:47 left.

Lambright then gave Carmel the lead 40 seconds later at 46-44.

France iced the game by making four of four free throw tries in the final 3:08.

"Lambright's steal was the key but I was pleased with the way the rebounding situation improved throughout the game," Belmont said.

Whittier led with 18 while Graham had 12 and Lambright 11.

Carmel saved its biggest rallies for the Waukegan East sectional championship game.

The Corsairs were plagued by poor shooting early, missing 10 of 15 first quarter shots. East's Bulldogs shot 6-for-12 in the first period to take a 13-10 lead.

Carmel regrouped in the second quarter, enjoying a 20-19 lead after two Whittier free throws made it with 4:22 before halftime.

A 9-3 East spurt gave the Bulldogs a 28-23 halftime lead.

East looked like it had the game won as a 13-8 spree made it 41-31 with 2:50 left.

But Carmel then turned on the offense just when it had to.

They took control of the game with a 16-5 run between the second and third quarters for a 47-46 lead.

That was short lived, as East led 55-47 as late as 4:52 left in the game.

Carmel won the contest's "crunch time" 13-2 to earn a trip to Elgin against highly Evanston in the Super Sectionals.

## Seniors Pave Way To Sweet 16

by STEVE PETERSON

Practice for Carmel's basketball team had just ended.

Some of the Corsairs were casually shooting free throws as spring sports athletes waited to use the Carmel gym.

Rod Whittier, though, was not doing anything casually. Although practice was over, Whittier was playing in an intense two-on-two pick-up game before Carmel's sectional championship game against Waukegan East the next night.

It's just that kind of intense determination and belief in yourself that has allowed Carmel to advance

to the Sweet Sixteen for the second straight year. The Corsairs trailed by 10 points in the third quarter and rallied to edge Waukegan East 61-57 at East's gym to claim the sectional trophy.

"No question that had it not been for the senior leadership we never would have been able to overcome some of the adversity in losing the close games early in the season," Carmel coach Frank Belmont said.

Whittier was the only starter returning from last year's Sweet Sixteen team. Fellow seniors in the starting lineup are Rodney Lambright, George France and Scott Peterson.

"Leadership is not being anything like a rah-rah holler guy, being named captain. It's the ability to work hard day in and day out and push others to be better," Belmont said.

After conquering East, Belmont wanted to make sure the credit does not just go to the big four who start every game. Sixth man Mike Curley, Bob Offner, Tim Stefaniak and Mike Burns deserve credit as well.

Belmont said the four starting seniors offer the Corsairs maturity and a balanced attack - keys to success.

"We have five people on the team who are averaging between seven and 15 points

a game. Each one has led the team in scoring over the last month," Belmont said.

The Corsairs advanced to the Sweet Sixteen without a force inside. Junior postman Rob Graham is 6-6.

That means a different look than last year's Corsair lineup, which featured Bryan Muellner leading five offensive categories.

Whittier knew going into this season that it would be different than last year.

"There's no comparison between the two teams. This year we're a lot quicker but we're small and that puts a lot of pressure on our defense," Whittier said.

"Last year I was more of a role player - assists and defense (he led the team in assists). This year I feel I've accomplished more because I've been more of a scorer," Whittier said.

Whittier came into the sectional championship as Carmel's leading scorer at 15.6 points a game. He led the team in free-throw percentage at 74 percent, total points with 436; assists with 136.

"Rod is an outstanding all-around ballplayer. In my estimation, he is one of the most underrated players in the Chicago area," Belmont said of Whittier, who was

selected to the all-East Suburban Catholic Conference.

Belmont said Whittier adds quickness, a good jump shot and defensive pressure.

Lambright gives the Corsairs' defense a potent threat.

In the sectional opener against Loyola Academy, Lambright's steal and layup in the fourth quarter tied the contest at 44-all after the Corsairs had been down by five points. Carmel went on to win 50-46.

"Rodney is our most explosive player defensively. He gives us the big play," Belmont said of Lambright.

Against Waukegan East in Carmel's sectional title win, Lambright came through with two clutch baseline jumpers in the third quarter when the Corsairs had to rally from 10 points down.

Lambright said while the going was difficult for Carmel at times this season, the team maintained a positive attitude and that is paying off.

"It was hard to stay up. Mentally you have to have a positive attitude and that is why we're playing better now," Lambright said.

Last year, France sat on the bench watching as his bigger, older teammates advanced to the final 16.

"I learned I would have to wait my turn and not let anything get to me," France said of his junior year.

"Brian (Muelner) kept my spirits up. He was one of my closest friends," France said.

Heading into the super-sectional contest, France turned in two clutch fourth quarters that, in a large part, allowed Carmel to advance.

Against Loyola Academy, France sank four free throws in the final 3:08 - the last with 11 seconds left in Carmel's comeback win.

"I think the second two were harder because if I had missed them, the game would have gone into overtime," said France after scoring nine points.

France scored 16 points in the comeback win over Waukegan East, 10 coming in the fourth quarter.

Belmont said his philosophy is giving the edge to seniors because they have earned the playing time.

"I can't see telling a senior to sit down on the bench because I'm playing a sophomore. With our schedule, we have to go with the seniors," Belmont said.

The seniors have not let Belmont or the Carmel fans down.

## Peterson, Graham: The Forgotten Stars

Although Carmel relied on its guards, Rob Graham and Scott Peterson provided needed points close to the basket.

Graham, the only junior in the starting five, led the Sweet 16 team in rebounds with

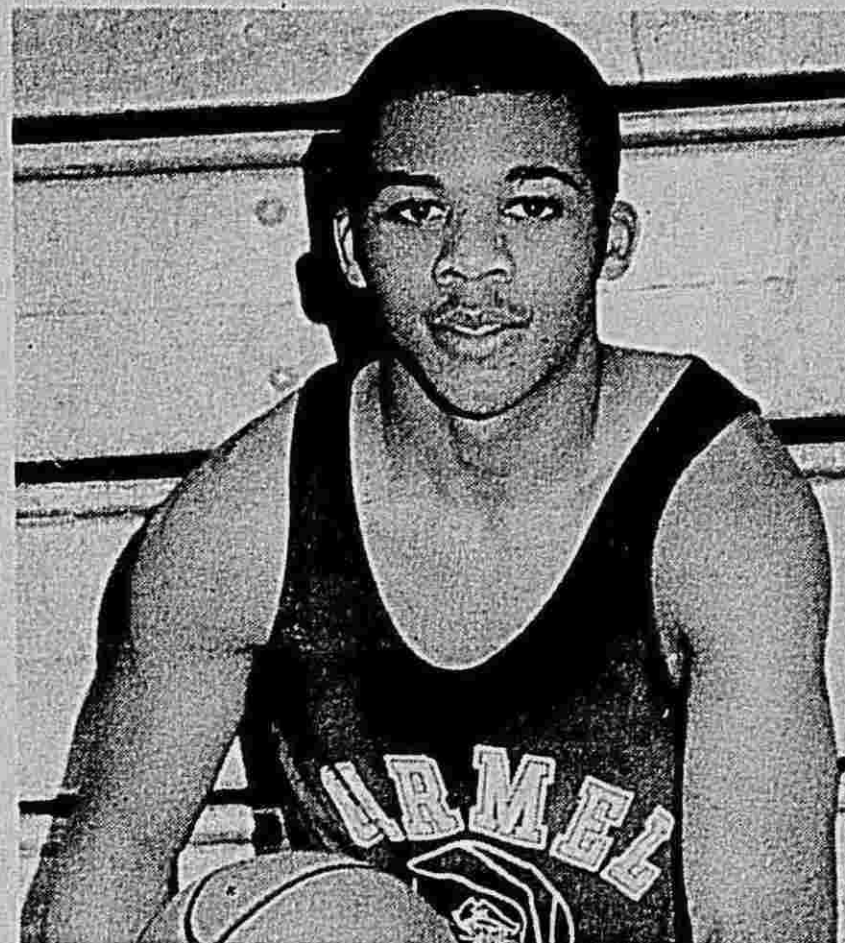

188 going into the sectional final against Waukegan East.

Peterson had 144 rebounds and led the team in field goal percentage, making 80 of 129 for 62 percent.

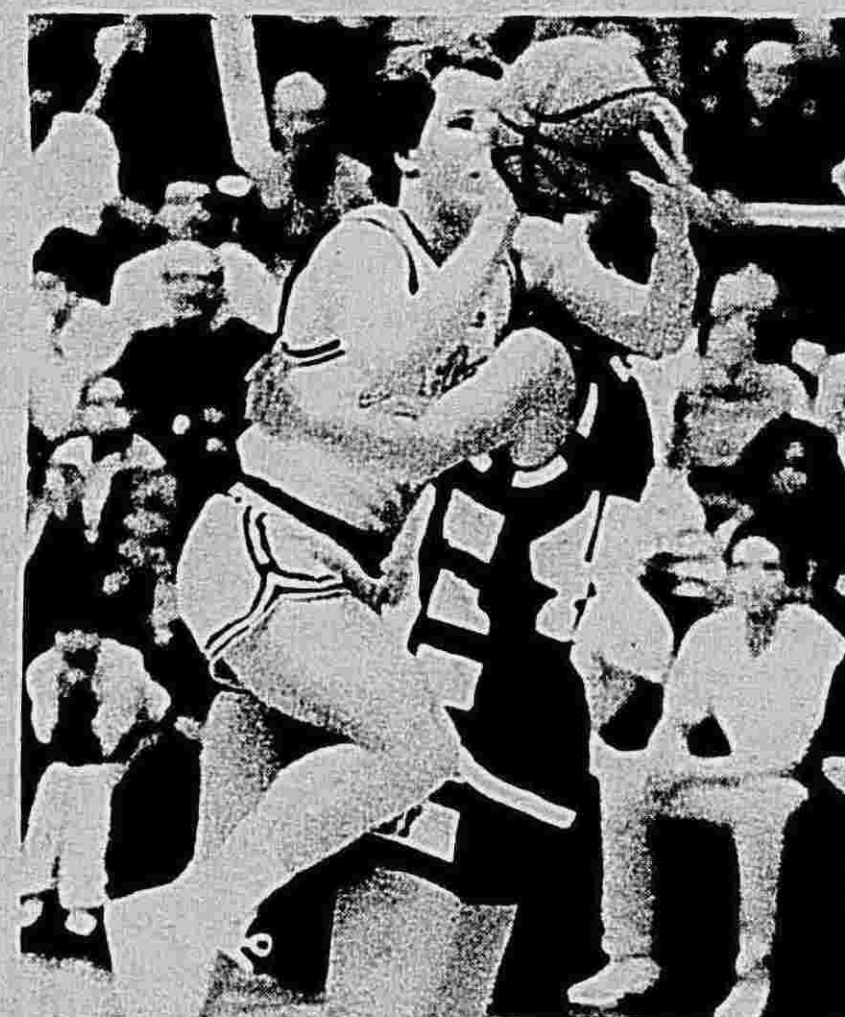

### Sparkplug

Senior guard Rod Whittier was Carmel's lone returning starter from last year's Sweet 16 team. Whittier was strictly defense and assists a year ago, but this year led Carmel in points per game (15.6), free throws among regulars (74 percent), assists (136) and total points (436). Rodney Lambright completed the Carmel guard duo by finishing second in points per game (10.8) and assists (50). The Whittier-Lambright combination were a big reason Carmel made it back to the Sweet 16.

### Clutch Player

Senior forward George France is a big reason why the Carmel Corsairs made the Sweet 16. France scored the winning points in come-from-behind sectional wins over Loyola Academy and Waukegan East. Heading into the East game, France was second in free throw percentage (72) and third in rebounds (91). France played in 29 games, one of four players to not miss a contest before Supersectional action.

### Anybody Open?

# 10 reasons why you should maintain and increase your newspaper advertising when business is slow.

**1.** Whether business is good or slow, you have to get your share of whatever business is around. Cutting back your advertising puts you at a disadvantage at the very moment when you need an edge. Increasing your advertising gives you the edge.

**2.** In times of uncertainty, consumers are careful and a little reluctant to spend. They want to be sure before they buy; they want information about products, services, prices and values. The best source is newspaper advertising. Yours—or somebody else's.

**3.** Maybe you figure other retailers in your line are going to cut back their advertising, so it's safe for you, too. Right? Wrong. You're in competition for the customer's dollar with very other retailer in town, no matter what he or she sells. People have only so many dollars to spend and if they don't spend them for what you sell they'll spend them for something else.

**4.** There are more people working now than ever before. More women working, too, adding to the family income. People still need and want goods and services and will spend for them. There is plenty of business out there. Your competitors will be bidding for their share—and yours.

**5.** You can't do much about most factors in the marketplace: rent, labor cost, price or merchandise, what the competition will do. But one thing you do control is your own promotion. Remember that newspaper advertising is not just a cost of doing business. It's a proven sales tool that returns many times your investment in store traffic and sales.

**6.** Remember how long it took you to get started? Once you build up a business, you can keep it going with a moderate, constant advertising program. But if you cut your advertising and lose your hold on the public's awareness you'll find it's much harder to build it up again. It's sort of like starting all over.

**7.** Your advertising is part of your sales force. Newspaper ads help to pre-sell the customers and help you close the sale faster. What saves you time saves you money.

**8.** You say your customers know you and for a while at least they'll keep coming in even if you don't promote? That's partly true, but shortsighted. Remember, one out of five Americans moves every year. So there's a steady flow of your customers out of your market, and a corresponding influx of new folks who don't know you at all. Tell them about yourself.

**9.** Here's a hard fact to chew on. Over any given period, a business that advertises below the industry average has sales that are below the industry average.

**10.** Advertising is "news" — about products and services. Your customers look for this kind of news in the pages of Lakeland Newspapers. In plush times, retailers often experiment with other media. But when the going gets tough, they concentrate their efforts in the newspaper because it provides an immediate payoff at the cash register.

CALL YOUR LAKE LAND NEWSPAPERS' ADVERTISING REPRESENTATIVES. WE'LL HELP YOU PLAN A PROGRAM THAT WILL PAY DIVIDENDS IN ADDITIONAL STORE TRAFFIC AND INCREASED SALES.

Agriculture is considered a very hazardous industry. Jim Williams, associate director of public relations

for Country Companies, said he expects families participating in the seminars to "be better informed about safety, with the result being that they perform their daily work functions more safely."

The seminar is designed for farm families, including farmers, farm wives, farm employees and children over 12 years of age.

Instructors for the two and three quarter hour seminar will be Country Companies regional coordinators of public relations who are qualified safety educators. Participants will see movies

on such subjects as tractor safety, farm machinery safety and the dangers of handling anhydrous ammonia. The program also will include narrated slide presentations on subjects such as grain drowning and agricultural chemical safety.

Personal protective equipment will be available for examination, safety information will be distributed and time will be allowed for questions at the seminars.

Please call Donna at the Lake County Farm Bureau, (312) 223-6506, to register for attendance at the program.

# The Bottom-Line IRA

## We Dare Other IRAs To Beat It!

A lot of IRAs offered today look mighty tempting. But when the smokescreen of bonuses and gimmicks has cleared and all the horns and whistles have stopped blowing, the only important thing is the bottom line... the amount your IRA will be worth at maturity. You will be surprised at how those gimmicks disguise a low yield. We've checked our competition on IRAs carefully. The "bottom line" is that most of them can't top the high yields of Skokie Federal IRAs...pure and simple.

At current rates, a deposit of \$2,000 in our 3-year IRA would yield a tax-deferred \$2,570 at maturity. The same contribution to our 5-Year IRA would yield a tax-deferred \$3,156. We think you should check the "bottom line" wherever you open your IRA. Give us a call or stop in for

actual comparisons...or call our competition. You'll find you are further ahead with the Bottom-Line IRA from Skokie Federal.

Term	Annual Rate %	Annual Yield %	\$ Yield at Maturity*
3 Year	8.25	8.72	\$2,570
5 Year IRA	9.00	9.55	\$3,156

**Low \$500 Minimum. Interest Compounded Daily.**

\*Based on \$2,000 contribution at beginning of year at rates available as of March 13, 1986. There is a penalty for early withdrawal.

## Automatic Teller At First National

Last year was a very successful year for the First National Bank of Antioch, resulting in record setting Net Income of \$403,000, Return on Assets of .90 percent, and Return on Beginning Equity Capital of 16.93 percent," said Ted C. Axton, president of the bank.

Kathleen Branyik, public relations administrator for the bank said that the 1985 earnings are a result of the bank's continuing commitment to the financial needs of the surrounding community.

Early in 1985, the First National Bank of Antioch reaffirmed its position within the real estate market by offering mortgage loans via the primary and secondary markets. In addition, the bank utilized the Small Business Administration (SBA) loan guarantee program in its continuing efforts to strengthen the business

community. Throughout the year the bank has made available additional enhancements to its financial services. The Basic Banking Account, which was introduced in early fall, makes available to consumers a checking account which offers basic checking services at minimal cost. Near the end of 1985 the bank added an Automatic Teller Machine (ATM). This machine and the Money Network (R) affiliation has greatly increased the consumers access to funds at over 610 locations in the Chicagoland metropolitan area.

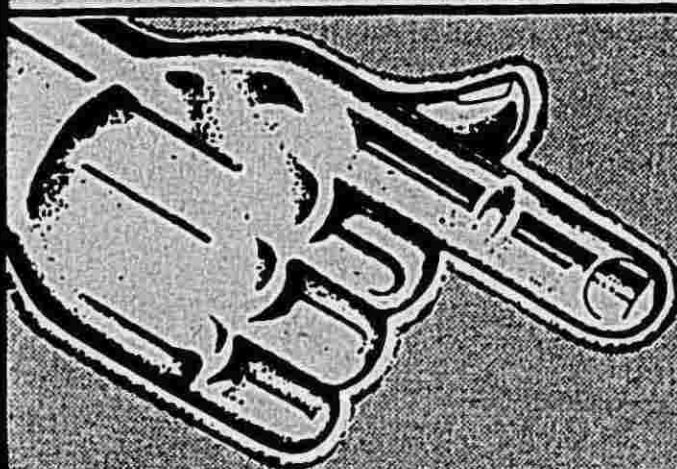

Branyik also reaffirmed that, "as the First National Bank of Antioch enters its sixth decade of serving our customers financial needs, the officers and staff will continue to strive to maintain the bank's high standards for customer satisfaction."

## Begin Clinic

A six week umpires clinic will be offered in conjunction with the Antioch Youth Baseball and Softball Organization. The clinic will run six consecutive Thursdays beginning March 20. Each session will begin at 6:30 p.m. and last approximately 90 minutes.

The clinic will provide an opportunity for all past and new officials to review the leagues rules, become acquainted with the 1986 rule changes, review and practice signals and calls, receive the 1986 rule books, and purchase the proper uniforms and equipment.

The clinic will be run by Gary Wilke. For further information call 395-5926.

## NEXT WEEK'S HOROSCOPE BY SALOME

**Aries** (Mar. 21-Apr. 19) Continue to move on that upward starbeam. Some obstacles come along, but you nimble Lambs can easily jump over them. Resist the impulse to quit before you've arrived.

**Taurus** (Apr. 20-May 20) Push forward. The time to ease up on pursuit of your target is not now. Later, when you've reached your goals, you can take that well-deserved respite.

**Gemini** (May 21-June 20) A tendency to worry over things that won't happen can become a self-fulfilling situation. Don't let shadows turn into substance. Reality is more rewarding.

**Cancer** (June 21-Jul. 20) Watch your finances. Your acquisitive tendency is stronger than usual. Don't break the budget to acquire those things you don't need.

**Leo** (Jul. 21-Aug. 22) Leos and Leonas may feel they deserve more than the usual Lion's share of everything. Careful. The temptation to overspend needs to be tempered.

**Virgo** (Aug. 22-Sept. 22) You need to pay closer attention to all personal relationships. Some of your friends think you're playing favorites. Some family members feel neglected.

**Libra** (Sept. 23-Oct. 22) A brighter aspect is indicated. But show more patience. The best things in your life always need more time to develop to their fullest potential.

**Scorpio** (Oct. 23-Nov. 21) Show more confidence in your ability to make decisions. Don't let good chances get away because you're uncertain about how to move.

**Sagittarius** (Nov. 22-Dec. 21) A temporary lapse in your efforts is all right. But don't let it continue too long. You need to apply yourself more to the tasks at hand.

**Capricorn** (Dec. 22-Jan. 19) Offers come in various ways. Romantic overtures are made. Professional opportunities are presented. Reach out to those who reach out to you.

**Aquarius** (Jan. 20-Feb. 18) Sometimes the old tried and true methods need to be adapted to meet new situations. Consider changing tactics before you waste more precious time.

**Pisces** (Feb. 19-Mar. 20) A friendly piece of advice comes along just when you think you're sunk too deeply into a sticky problem. Accept the helping hand that comes your way soon.
